## FOREWORD

Experience indicates that those who examine college catalogs are usually interested primarily in finding the answers to the following questions:

- (1) What is the general nature, type, and standing of the college?
- (2) What are the requirements for admission?
- (3) What is the cost of attending the college and what opportunities are available for earning part of these expenses?
- (4) What subjects of study are provided and what are the requirements for graduation?
- (5) What rules does a student have to follow while attending the college?
- (6) What other activities are provided outside the classroom?
- (7) What physical equipment and financial resources does the college have?

In order to make this catalog easier to read, we have tried to arrange it so as to answer these questions in logical order. The first two questions, which are of concern primarily to prospective students, are answered in Part I. The other questions are covered successively in Parts II-VI, as shown in the Table of Contents on the opposite page. In Part VII we have given the necessary information with regard to the trustees, officers, and faculty, and have listed the names of other staff personnel and of the members of the student body.

This catalog is primarily a record of the 1957-58 session of the college. The academic calendar of 1958-59 session will be found in the back.

## THE PURPOSE OF MILLSAPS COLLEGE

Millsaps College has as its primary aim the development of men and women for responsible leadership and well-rounded lives of useful service to their fellow men, their country, and their God. It seeks to function as a community of learners where faculty and students together seek the truth that frees the minds of men.

As an institution of the Methodist Church, Millsaps College is dedicated to the idea that religion is a vital part of education; that education is an integral part of the Christian religion; and that church-related colleges, providing a sound academic program in a Christian environment, afford a kind of discipline and influence which no other type of institution can offer. The College provides a congenial atmosphere where persons of all faiths may study and work together for the development of their physical, intellectual, and spiritual capacities.

As a liberal arts college, Millsaps seeks to give the student adequate breadth and depth of understanding of civilization and culture in order to broaden his perspective, to enrich his personality, and to enable him to think and act intelligently amid the complexities of the modern world. The curriculum is designed to avoid premature specialization and to integrate the humanities, the social studies, and the natural sciences for their mutual enrichment.

The College recognizes that training which will enable a person to support himself adequately is an essential part of a well-rounded education. On the other hand, it believes that one of the chief problems of modern society is that in too many cases training as expert technicians has not been accompanied by education for good citizenship. It offers, therefore, professional and pre-professional training balanced by cultural and humane studies. In an environment that emphasizes the cultural and esthetic values to be found in the study of language, literature, philosophy, and science, the student at Millsaps can also obtain the necessary courses to prepare him for service in such fields as teaching, journalism, social work, and business or for professional study in these areas as well as in theology, medicine, dentistry, engineering, law, and other fields.

As an institution of higher learning, Millsaps College fosters an attitude of continuing intellectual awareness, of tolerance, and of unbiased inquiry, without which true education cannot exist. It does not seek to indoctrinate, but to inform and inspire. It does not shape the student in a common mold of thought and ideas, but rather attempts to search out his often deeply hidden aptitudes, capacities, and aspirations and to provide opportunities for his maximum potential development. It seeks to broaden his horizons and to lift his eyes and heart toward the higher and nobler attributes of life. The desired result is an intelligent, voluntary dedication to moral principles and a growing social consciousness that will guide him into a rich, well-rounded Christian life, with ready acceptance of responsibility to neighbor, state, and church.

Trustees of Millsaps College, 1955-56

For details see pages 27-31.

**Required Courses:** All regular students are required to enroll for English, mathematics, and a foreign language each year until they have completed the degree requirements in these subjects.

**Transfer Students:** Millsaps College normally allows full credit to transfer students on work taken at other accredited institutions. A maximum of 64 semester hours of credit is allowed from a junior college. For details see page 11.

## MILLSAPS COLLEGE

**is a church-related college**

**under the joint care and control of the Mississippi and North Mississippi Conferences of the Methodist Church.** The college strives to be devoutly Christian. During the 1957-58 session it numbered in its student body members of seventeen denominations and in its faculty members of four denominations. It is dedicated to the idea that education is an integral part of the Christian religion, that religion is a vital part of education, and that church-related colleges, providing a sound educational program in a Christian environment, afford a special type of training and influence which no other institution can offer. The existence side by side of educational institutions related to the church, the state, and private agencies, each with its own functions to perform, is not only evidence of democracy in our educational system, but is also the best possible guarantee of the preservation of democracy in our civilization.

**is a small college**

with enrollment limited to 900 students. The close personal relationship that exists among students, faculty, and administration in the small college is one of the most vital parts of the college experience.

**is a co-educational college**

with an enrollment approximately two-thirds men and one-third women. Boys and girls study together throughout grammar school and high school. Men and women work together throughout later life. They study and work together at Millsaps.

**is a liberal arts college**

with the primary aim of training its students for responsible citizenship and well-rounded lives rather than for narrow professional careers. One of the chief curses of our modern society is that so many of our people are expert lawyers, or doctors, or business men, or brick layers, without at the same time being good citizens. More than any other institution, the liberal arts college can remedy this defect by training its students, in whatever field of specialization they may choose, to be community leaders in responsible citizenship.

**offers professional and pre-professional training**

balanced by cultural and disciplinary studies. The college recognizes that in the modern world training which will enable a person to support himself adequately is an essential part of a well-rounded education. Therefore, the student at Millsaps can, for example, obtain the necessary courses to prepare him directly for a business career or for service in education, the ministry, or social work; he can study music as preparation for professional work in the field, as well as for its esthetic and cultural value; he can become proficient in shorthand and typewriting while at the same time studying language and literature; and he can obtain thoroughly sound basic courses which will prepare him for professional study in medicine, dentistry, law, and other fields. Professional leaders in all fields are coming more and more to recognize that the most valuable members of their profession are those who have had something more in their background of training than the narrow technical study necessary for proficiency in that field.

**selects its students carefully**

**not on the basis of ability to pay or previous opportunities or charm of personality, but on ability to think, desire to learn, good moral character, and intellectual maturity.** The primary consideration in acting on all applications for admission is the ability to do college work in a measure satisfactory to the college and beneficial to the student. Tuition is kept low enough to make higher education available to all, but an attempt is made to keep admission requirements high enough to exclude those who cannot profit from it.

**has a cosmopolitan student body**

representing a wide geographical area. During the 1957-58 session fourteen states and seven foreign countries were represented in the student body. It is the policy of the college to encourage by scholarships and otherwise the attendance of foreign students, because of the mutual contribution this can make to international good will and understanding.

**is ideally located**

**in the capital city of the state.** Many educational advantages may be found in Jackson in addition to the courses offered at the college. The State Department of Archives and History, the State Library, the Library of the State Department of Health, and the Jackson Public Library provide research facilities found nowhere else in the state. The Jackson Symphony Orchestra, Jackson Little Theater, The Jackson Opera Guild, Inc., and numerous musical, dramatic, and sporting events staged at the City Auditorium add materially to the cultural advantages available to the student.

**is fully accredited**

**by all appropriate standardizing and accrediting agencies, both regional and national, and is recognized by the General Board of Christian Education of the Methodist Church as one of the strongest institutions in the connection.**

**Millsaps is fully approved by:**

The Southern Association of Colleges and Secondary Schools  
The American Association of University Women  
The University Senate of the Methodist Church

**Millsaps shares current educational thought by membership in:**

The Association of American Colleges  
The American Council on Education  
The National Commission on Accrediting  
The Commission on Christian Higher Education  
The Southern University Conference  
The Association of Methodist Schools and Colleges  
The Mississippi Association of Colleges

## REQUIREMENTS FOR ADMISSION

### General Requirements

Millsaps College will accept as members of its student body only young men and women who are well qualified to benefit from the kind of academic life offered by the college. All applicants for admission must furnish evidence of

1. Good moral character
2. Sound physical and mental health
3. Adequate scholastic preparation
4. Intellectual maturity

### Admission to Freshman Standing

Application for admission to freshman standing may be made according to either of the following plans:

#### 1. By Certificate.

Graduates of an accredited high school or secondary school may be admitted to freshman standing on presentation of a transcript signed by the proper authorities of that school, showing the kind and amount of scholastic work done, provided that:

- (a) The student's record shows the satisfactory completion of at least sixteen acceptable units of secondary school work.
- (b) One-half of the units of secondary school work accepted for entrance must be in English, mathematics, and social studies or foreign language. These units should normally include four units of English, two units of mathematics, and at least two units of history, other social studies, or foreign language.
- (c) Not more than four vocational units may be included in those required for entrance.

#### 2. By Examination.

Students who have not regularly prepared for college in a recognized secondary school may apply for admission by making complete statement regarding qualifications and training. Such students may be regularly admitted if they qualify in a battery of achievement examinations given at the college under the direction of the Office of Student Personnel. These examinations are given on the scholastic work covered by the list of secondary units approved by the Southern Association of Colleges and Secondary Schools.

College Entrance Board Examination certificates or the high school level General Educational Development Test may be accepted in place of high school certificates or examination by Millsaps College.

### Admission To Advanced Standing

1. Millsaps College normally allows full credit to transfer students on work taken at other accredited institutions. Some courses which are not regarded as consistent with a liberal arts curriculum, however, may not be credited toward a degree.
2. Students with good records at non-accredited institutions may be admitted on probation, and the work done at such institutions will be validated if the student makes a satisfactory record the first year at Millsaps.
3. A maximum of 64 semester hours of credit will be allowed from a junior college.
4. Full credit is allowed for all junior college academic courses of freshman and sophomore level and full elective credit allowed for other courses, with the proviso that junior college transfers may be called upon to do extra work necessary to fulfill the requirements at Millsaps for majors, for pre-professional work, and for professional teaching licenses.
5. After earning 64 semester hours of credit at a senior or junior college, a student will not be granted any additional credit toward a degree at Millsaps for work done at a junior college.
6. Grades and quality points made by students at other institutions will be recorded on their records at Millsaps, but transfer students will be required to include in the 120 quality points required for graduation quality points earned at Millsaps at least equal in number to the number of hours of academic credit remaining on their graduation requirement after the transfer credits are entered.
7. In the case of students transferring to Millsaps with more than 3 but less than 6 hours credit in a required subject, the head of the department concerned is authorized to approve a 3-hour elective in that department as a substitute for the remainder of the required course.
8. Credit will not be given for work done by correspondence.

### Admission As Special Student

1. A special student is one who enrolls for less than 12 hours of academic work per semester or one who has previously received a baccalaureate degree. Students in their senior year taking all the work required to complete a degree are not considered special students, even though taking less than 12 hours.
2. For admission as a special student the candidate must be at least 21 years of age and must present adequate proof of good character and of maturity of training.
3. Special students may enroll for whatever courses they desire without regard to graduation requirements, but must in all cases meet the prerequisites for the courses elected by them.
4. No special student may be recognized as a candidate for a degree unless he completes all entrance requirements at least one year before the date of graduation. No college credit will be granted until entrance requirements are satisfied.
5. Special students are not permitted to represent the college in inter-collegiate activities.

## HOW TO APPLY FOR ADMISSION

All persons not in residence at Millsaps during the preceding regular semester must apply to the Admissions Committee and be accepted prior to registration for the fall and spring semesters.

A prospective student should apply for admission well in advance of the date on which he wishes to enter, particularly if housing accommodations on the campus are desired. The Admissions Committee begins acting on applications for the fall semester in February and on applications for the spring semester in November.

In applying for admission a prospective student should follow the procedure described below:

1. He should request an application blank from the Dean, who is chairman of the Admissions Committee.
2. He should fill out this application blank and return it to the Dean.
3. He should have a letter of recommendation sent to the Dean by an appropriate official of the school or schools he has previously attended, attesting to his character and ability.
4. He should have his high school principal or college registrar send an official transcript of his credits directly to the Dean. A separate transcript is required from every secondary school or college attended, even though credits previously earned are included on the transcript from the school last attended. A student who has already earned some college credit, however, need not have a separate transcript of his high school credits sent if these are included on his college transcript.

If the prospective student is in school at the time he applies for admission, he should have a transcript sent showing his credits up to that time. If he is accepted, a supplementary transcript will be required later showing the completion of his work.

## COUNSELING PROGRAM

The fundamental objective of all counseling services is to assist each student to be ready and able to accomplish maximum success in his academic work. Consequently, every member of the college community participates in counseling, and specialists from the community are used as referral resources when the nature of a student's problem requires highly specialized therapy. Basically, the divisions of the counseling program are as follows:

### 1. Pre-Registration Counseling

In order to assist new and prospective students to plan wisely in looking forward to their college careers, the college will provide on request counseling services to any prospective student who may desire to explore his vocational and educational objectives before he enters his classes in the fall semester.

### 2. Orientation

All new students (freshmen and transfers) are expected to be on the campus on September 15, 1958, to participate in the orientation pro-

gram. This program is developed and executed cooperatively by students and faculty for the purpose of assisting students to be adequately prepared for entering fully into the college program.

### 3. Faculty Advisers

Each new student at Millsaps is assigned to a member of the faculty who serves as the adviser for that student with respect to his academic program. At the time a student chooses his major field of study, his major professor automatically becomes his faculty adviser.

### 4. Personal Counseling

Particular attention is given by the Dean of Students and the Dean of Women to counseling students on such matters as vocational choice, selection of fields of study, study skills, reading skills, emotional adjustment, and similar typical college student problems.

### 5. Testing

Each student entering Millsaps takes part in the entrance testing program, which is designed to provide information that will assist the professional counseling staff to work effectively with him in planning his program and activities at the college. In addition, any student registered in the college has available to him individual testing services to assist him in self-analysis and planning in terms of his individual aptitudes, interests, and personality characteristics.

## STUDENT HOUSING

The housing program of the college is coordinated by the Dean of Students and the Dean of Women in cooperation with the dormitory housemothers, counselors, and managers. All out-of-town students are required to reside in the college housing facilities, unless they have received permission through the Office of Student Personnel to live in approved off-campus housing. Students who desire to live with relatives or friends while attending Millsaps must make this a matter of record in the Office of Student Personnel.

Men students live in our four men's residence halls or in fraternity houses. Women students live in our four women's residence halls. All beginning freshmen who are not residents of Jackson are required to live in the college dormitories during the entire first semester. No first-semester freshmen are permitted to live in fraternity houses. Any men or women students whose homes are in Jackson may live in the dormitories if space is available, but will be placed only after out-of-town students have been assigned.

Room assignments are made in the order in which students' classroom reservation fees have been received. If any student indicates a specific preference for a particular room or dormitory, he will be assigned to that space if it has not been taken previously by some one whose eligibility for the room entitles him to it. Students desiring to room together should make every effort to forward their reservation fees at the same time and specify their desire to room together.

After notification of room assignment, a student must accept or reject the assignment in writing within two weeks of the notification. Room rent cannot be refunded after the semester has begun.

Dormitories open for occupancy at 12 noon of the day preceding each term or semester and close at 5 p.m. on the last day of each term or semester. All dormitories close at 5 p.m. on the afternoon of the day that Christmas holidays begin and re-open at 12 noon on the day immediately preceding the day that classes resume following the holiday period. No students can be housed in the dormitories during the Christmas holiday period.

### DINING FACILITIES

Boarding students eat their meals in the college cafeteria. This dining room is under expert supervision and furnishes wholesome food at moderate rates. Board may be paid in cash or by use of coupon meal tickets available in the College Business Office. Students rooming in fraternity houses are considered boarding students. The college grill also is available for snacks and quick orders.

### STUDENT HEALTH PROGRAM

The infirmary, centrally located on the campus and supervised by a registered nurse, is available to all resident students. The services of the college physician are available through the infirmary. Students with minor illnesses are cared for in the infirmary. Any students having major illnesses or needing hospital services return home or are referred to one of the local hospitals for treatment on a private-patient basis. In connection with the college program of preventive medicine, each new student is required to have his family physician complete and mail in a health record and physical examination form. This form is a required part of the registration procedure.

### THE MILLSAPS COLLEGE UNION

The heart of a small college is the close relationship between students and faculty. From this relationship pulses the life-blood of the campus in the form of mutual confidence, mutual respect, and mutual concern for the welfare of the total membership of the college community. The Millsaps College Union makes a unique contribution to the College by serving as the "living room" of the campus where friends can meet for relaxation and enrichment through interpersonal contacts; by providing a center for extra-curricular activities; by providing a central location for the cafeteria, the grill, the post office, and the book store; by serving as a focal point for commuters and off-campus students; and by providing a general unifying influence for the entire campus.

Room (except Whitworth-Sanders, Franklin, Ezelle)**	60.00
Minimum board (estimate)	120.00
Total for one semester	\$385.00

The twenty-five-dollar reservation fee paid in advance will apply on the above charges.

*It is appropriate to note that the semester tuition charge of \$125.00 covers only about one-half of the actual educational cost for each student. Millsaps College assumes responsibility for the additional cost.*

*It may be that some parents will desire to meet more of the cost of education than is covered in the minimum tuition charge. Additional payments may be made to Millsaps College and can be considered contributions.*

\*General college fees include registration, library, physical education, speech activities, music activities, and student association fees.

\*\*Housing rates each semester:

Women: Founders \$60.00, Whitworth-Sanders \$75.00,

Fae Franklin \$80.00.

Men: Burton \$60.00, Galloway \$60.00, Ezelle \$75.00.

## SPECIAL FEES

In addition to the regular costs listed above, students are charged certain fees per course per semester for special services. These fees apply only to students registering for these particular courses:

## Fine Arts Fees

Art courses, per semester	
Each course	\$30.00
Music courses, per semester for private lessons	
One lesson per week	\$50.00
Two lessons per week	\$90.00

Note: The above includes use of college-owned instruments and practice rooms. There is no fee for Band, Millsaps Singers, or Symphony Orchestra.

## Science Laboratory Fees

Astronomy ..	\$10.00
Biology 21A, 22A, 42, 71, 72	10.00
Biology (all other except 52 and 101)	7.50
Chemistry (except 82)	10.00
Geology (except 52)	7.50
Physics (except 31, 32)	10.00

**Other Laboratory Fees**

Economics 31, 32 .....	\$6.00
Education 191 .....	2.00
Engineering 22, 41, 42 .....	3.00
Practice Teaching (Ed. 41, 42, 61, 62) each course .....	15.00
Practice Teaching (Ed. 91, 101) each course .....	22.50

Typewriting ..	6.00

**Graduation Fee**

Diploma, cap, gown, commencement expense .....	\$15.00
--	---------

**SPECIAL STUDENTS**

A special student is one who takes less than twelve semester hours of academic work for college credit or one who has already received a baccalaureate degree. Special students pay the following tuition rates plus any laboratory fees involved.

**Tuition per semester hour:**

1 to 11 semester hours inclusive, per hour .....	\$15.00
12 or more semester hours .....	Full tuition and fees

Students taking only private music lessons or private art lessons for college credit pay a registration fee of \$5 for each course plus the special fees for the courses taken. There is no other charge.

**EXCESS HOURS**

The normal student load is five subjects with either physical education or extra-curricular activities making a maximum of seventeen hours. Students registering for courses in excess of seventeen hours will be charged \$7.50 for each additional hour per semester.

**NON-RESIDENT OR OUT-OF-STATE STUDENTS**

Tuition for non-resident or out-of-state students will be the customary tuition plus \$1.00 per semester hour. The low tuition at Millsaps College is possible in part because of the annual contributions of the two Methodist Conferences in Mississippi. It seems only fair, therefore, that students from other states wishing to utilize the educational facilities which these contributions help to provide should be asked to pay this additional amount above the regular tuition.

Clarification of non-resident status: Students under twenty-one years of age use the legal residence of their families. Married students and students twenty-one years or over use the legal residence of their parents or guardians, or their legal residence immediately prior to registration in a school in Mississippi. Children of parents stationed outside Mississippi but understood to be primarily residents or citizens of this state may be classified as residents.

Aliens are classified as non-residents.

**REVISION OF CHARGES**

Millsaps College reserves the privilege of changing any or all charges at any time without prior notice.

## MILLSAPS COLLEGE

19

**SOURCE OF INCOME.**—Millsaps College receives income from these sources: Endowment fund investments, 15 % ; Methodist Church support, 16 % ; Alumni support, 3 % ; tuition and fees 55 % ; room rent and miscellaneous, 11 % .

**PAYMENTS.**—All charges are due and payable at the opening of the semester. No student will be marked present in his classes until payment has been made in the Business Office or satisfactory financial arrangements have been made with the Business Manager of the college.

Any accounts due for any preceding semester must be paid before a student will be enrolled for the succeeding semester. The Registrar is not permitted to transfer credits until all outstanding indebtedness to the college is paid.

No student will be allowed to graduate unless he shall have settled with the Business Office all his indebtedness to the college, including library fines and the graduation fee.

**VETERANS' PAYMENTS.**—Veterans attending school under Public Law 550 (Korean Bill) will pay the same tuition and fees as regular students. The government will reimburse them by monthly payments.

**STUDENTS ROOMING IN FRATERNITY HOUSES.** — Students rooming in fraternity houses eat in the college cafeteria. Rules regarding payment of board and medical fees applicable to other students will be observed by the students rooming in fraternity houses.

**REFUNDS.**—Room rent cannot be refunded after the semester has begun. Unused amounts paid in advance for board will be refundable. A student who withdraws with good reason from a course or courses within two weeks after the date of the first meeting of classes on regular schedule will be entitled to a refund of 80 % of tuition and fees; within three weeks, 60 % ; within four weeks 40 % ; and within five weeks 20 % . If a student remains in college as much as five weeks, no refund will be made except for board.

The date of withdrawal from which all claims to reductions and refunds will be referred is the date on which the Registrar is officially notified by the student of his intention to withdraw. (See regulations relative to withdrawals.)

The college reserves the right to cancel the registration of any student at any time. In such a case, the pro rata portion of tuition will be returned, except that students withdrawing under discipline forfeit the right to a refund for any charges.

**AUDITING OF COURSES.**—Courses are audited only with approval of the Dean. There will be no charge to a full-time student except laboratory fee for auditing any course. Special students taking other courses may audit one course without charge except for the payment of a laboratory fee that may be involved. A person not enrolled in any courses for college credit will be allowed to audit one course without charge, provided he pays for one or more other courses at the rates for

special students, plus laboratory fees; no other fees will be charged. A student auditing the classroom work of a course and not auditing the laboratory work will not be considered as having a laboratory fee involved. A student auditing a course in which the laboratory work and classroom work cannot be separated will be required to pay the laboratory fee.

#### STUDENT ASSOCIATION FEE

The Student Association fee is \$5.50 per semester for each full-time student. The Student Senate distributes this fee among such organizations as Christian Council, Purple and White, Bobashela, and Stylus.

The Speech and Music Activities fee of \$4.00 per semester for each full-time student enables these departments to have a full program of student activities and performances. This fee also entitles each full-time student to free admission to all performances of these departments.

#### PHYSICAL EDUCATION FEE

A carefully planned athletic, intramural, and physical education program is maintained by the college. In return for a fee of \$6 per semester the student receives the advantages afforded by the golf course, tennis courts, gymnasium, and athletic fields. In addition the student is admitted to all home varsity athletic contests. Physical education students are furnished with towel and locker service. The intramural teams are furnished with game equipment and game officials.

### SCHOLARSHIPS

All applications for scholarship help should be made to the Chairman of the Awards Committee.

#### HIGH SCHOOL DAY FRESHMAN SCHOLARSHIPS

The Board of Trustees has authorized the award of scholarships valued at approximately \$2,300 annually to graduates of Mississippi high schools upon recommendation of the Awards Committee. The awards are made on the basis of psychological examinations and interviews held at the college on High School Day each year.

#### SERVICE SCHOLARSHIPS

There are service scholarships in each of several departments, the holders of which are expected to aid the members of the faculty in some definite work. These scholarships are ordinarily open only to members of the upper classes. A few service scholarships in the library and women's dormitories are open to entering students. Application should be made to the Chairman of the Awards Committee.

#### SPECIAL SCHOLARSHIPS

##### The Tribbett Scholarship

The student to whom the scholarship is awarded receives two hundred dollars, payable one-half at the beginning of the first semester and one-half at the beginning of the second. The award is subject to the following conditions:

This scholarship is to be awarded at the end of each session to the member of the sophomore or junior class whose quality index is highest for the year, subject to the following qualifications:

1. He must be a regular student with not less than thirty-two semester hours' work for the year, and must have made at least "C" in each of the subjects studied.

2. He must be qualified for work assigned by the President of the college.

#### **The John Rundle, Jr., Scholarship**

The John Rundle, Jr., Scholarship was created by his parents in memory of their son. This is a scholarship open to any student of Millsaps College, and the student to whom the scholarship is awarded receives \$200.00.

#### **The Ricketts Scholarship**

The R. S. Ricketts Scholarship was created by Professor Ricketts' two sons and named for R. S. Ricketts, their father.

#### **The W. H. Brewer Scholarship**

The W. H. Brewer Scholarship was created by his son, Mr. Ed C. Brewer, of Clarksdale, and is open to any student at Millsaps College.

#### **Board of Education Scholarships**

The Board of Education of the Methodist Church Scholarships provide tuition and fees for two Methodist students who have ranked within the upper fifteen percent of their class.

#### **The James Hand, Sr., Scholarship**

The James Hand, Sr., Scholarship has been created by James Hand, Jr., honoring his father of Rolling Fork, Mississippi.

#### **The Sullivan Memorial Scholarship**

The scholarship was established in memory of Dr. W. T. J. Sullivan and in honor of the late Dr. J. Magruder Sullivan, for forty-five years professor of Chemistry and Geology. The scholarship is to be awarded to ministerial students only. Mr. C. C. Sullivan, son of Dr. J. M. Sullivan, has recently made a generous gift to this scholarship fund and is serving as a trustee of the scholarship.

#### **The Clara Barton Green Scholarship**

Clara Barton Green Scholarship was created by her husband, Wharton Green, of the Class of 1898, and their three children, Margaret G. Runyon, Clarissa G. Coddington, and Wharton Green, Jr. The fund for this scholarship is \$7,000.

#### **The Wharton Green '98 Scholarship**

On the 50th anniversary of his graduation, Mr. Green established a \$5,000.00 fund at Millsaps College. This has now been increased to \$10,000. The income from this fund will be given annually to a student selected by the Awards Committee of the faculty. Mr. Green was a Consulting Engineer in New York City for many years.

### **The James Monroe Wallace III Scholarship**

This scholarship was established by the grandparents and parents, Mr. and Mrs. James Monroe Wallace, Sr., and Jr., of Como, Mississippi, in memory of the little boy who passed away when he was about five years old. Interest from the fund will go as a scholarship to some deserving Millsaps ministerial student. The fund at present is \$10,000.

### **The Mr. and Mrs. G. W. Mars Scholarship**

The Mr. and Mrs. G. W. Mars Scholarship was created by Mrs. Mars and her three sons, Norman, Henry, and Lewis of Philadelphia, Mississippi, and daughter, Mrs. D. W. Bridges of Athens, Georgia. The amount of the fund is now \$9000. This scholarship is to be given to a ministerial student.

### **The Clyde W. Hall Scholarship**

This scholarship was established in 1953 by Mr. and Mrs. Clyde W. Hall of New Albany, Mississippi. The income from this fund is to be awarded annually by the Awards Committee of the faculty to a deserving student.

### **The W. H. Watkins Scholarship**

This scholarship was created to help worthy students with their college expenses. The income from the fund is awarded annually to a student selected by the Awards Committee of the faculty.

### **The Kenneth Gilbert Loan Scholarship**

Mr. and Mrs. T. A. Gilbert, Meridian, Mississippi, are endowing a loan scholarship as a memorial to their son, Kenneth, who lost his life in World War II. He received the B.S. degree from Millsaps in 1935 and was a member of Kappa Sigma fraternity.

### **The Graham R. McFarlane Loan Scholarship**

This scholarship was created by the McFarlane family to be used as a loan without interest to young people, preferably of the Christian Church, who are going into full-time religious work either as ministers or directors of religious education in that denomination. Graham was a Millsaps graduate and lost his life in the Texas City disaster in 1947. The scholarship will be administered by the administration of the college and the executive secretary of the Christian Churches of the state.

### **The Dr. and Mrs. J. R. Countiss, Sr., Scholarship**

This scholarship was established by Dr. and Mrs. Countiss in 1950. Interest from the fund will go as a scholarship to some student chosen by the college. Dr. Countiss graduated at Millsaps in 1902, was for many years a member of its Board of Trustees, was a member of the North Mississippi Conference, and was for twenty-four years President of Grenada College.

### **The Willie E. Smith Scholarship**

This scholarship was established by Mrs. Willie E. Smith in 1951. Interest from the fund will go to some ministerial student selected by the college.

### **The Josie Millsaps Fitzhugh Scholarship**

Mrs. Fitzhugh left the college a \$35,000 fund to be established as a scholarship. Earnings from the fund will go into scholarships for deserving students at Millsaps College.

### **The Dr. and Mrs. C. W. Crisler Scholarship**

This fund was established by Dr. Charles W. Crisler in memory of his wife. Interest from the fund will go as a scholarship to some student chosen by the college. Dr. Crisler was a Methodist minister and a member of the Mississippi Conference for more than fifty years.

### **The Marvin Galloway Scholarship**

This scholarship was created for the purpose of aiding worthy students who need financial assistance. The income from the fund is given each year to a student selected by the Awards Committee of the faculty.

### **The Millsaps Ministerial Scholarship**

The Millsaps Club of the Mississippi Conference of the Methodist Church established this fund in 1950. The income is awarded each year by the Awards Committee of the faculty to a ministerial student or students.

### **The L. C. Biedenharn Scholarship**

This scholarship was established by Mr. Biedenharn of Vicksburg, Mississippi, in 1941. The income from the fund is to be used for any worthy student selected by the college.

### **The Harvey T. Newell, Jr., Memorial Scholarship**

This scholarship is being established by the friends of Harvey T. Newell, Jr., a 1933 graduate of the college. While a student at Millsaps, Mr. Newell was prominent in school affairs and served as editor of the **Purple and White**. At the time of his accidental death in 1953, the prominent young business executive was on official business in his office as National President of Pi Kappa Alpha Fraternity.

### **The Sullivan Geology Teaching Scholarship**

This scholarship was established by gifts secured by the late Dr. J. M. Sullivan. It has been increased with other gifts since the death of Dr. Sullivan and has now become the Sullivan Geology Teaching Scholarship in memory of Dr. J. Magruder Sullivan. The scholarship was established to encourage students majoring in geology to go into the field of geology teaching. The recipient of this scholarship is to be a junior or a senior of Christian character and ambitious purpose; under the terms of the scholarship, the student selected may do a year of graduate work in geology. The Head of the Geology Department, the Dean, and the President of the college make up the committee to select the student who will receive the scholarship.

### **The John R. Mason Memorial Scholarship**

This scholarship was established in the fall of 1954 by the family and friends of John R. Mason. The recipient of this award is chosen by the Chairman of the Department of Speech and the Awards Committee of

the faculty on the basis of ability in speech, interest in speech, and financial need.

#### **The Alvin Jon King Music Scholarship**

This scholarship was established in December, 1954, by an anonymous donor to honor Alvin Jon King, the director of the Millsaps Singers, 1934-1956. Income from this fund is given each year to one or more students of music or music activities of the college. The recipient is chosen by the Awards Committee of the faculty.

#### **The Albert Burnell Shelton Scholarship**

This scholarship was established in the fall of 1955 by Mrs. A. B. Shelton of Lambert, Mississippi, as a memorial to her late husband, Albert Burnell Shelton. The income from this fund will be awarded each year to some worthy student or students selected by the college.

#### **The Dr. Elbert Alston Cheek and Son Scholarships**

The Dr. Elbert Alston Cheek and Son Scholarships have been established by the late Mrs. Mae Jack Cheek in memory of her husband, the late Dr. Elbert Alston Cheek, and their son, the late Elbert Alston Cheek, Jr. Mrs. Cheek's gift is valued at \$135,000. The gift is to be invested in government bonds, income from which investment will be awarded in scholarships of \$500 each. The scholarship may be renewed if the student continues to qualify. In awarding the Cheek scholarships preference shall be given to any applicant or applicants descended either from Edward Jack of Brandon, Mississippi, or from Robert T. Cheek, Sr. of Millville, Mississippi, provided always that such applicants need financial assistance and qualify for the scholarships.

#### **The Paul and Dee Faulkner Loan Fund**

This fund was established in 1957 by Mr. and Mrs. J. Paul Faulkner of Jackson. The gift is to be made available as a loan to any student or students regularly enrolled at Millsaps College. Preference is to be given to a member of the senior class.

#### **The Billy Gullledge Memorial Scholarship**

The Billy Gullledge Memorial Scholarship was established in 1957 by Mr. and Mrs. E. L. Gullledge of Crystal Springs as a memorial to their son, James William Gullledge, an outstanding pre-medical student in the class of 1957 at Millsaps College.

The scholarship is to be awarded to a Millsaps College student who has completed a minimum of four semesters of college work. The recipient of the scholarship, to be selected by the awards committee of the faculty, is to be a student of good moral character and of promise and usefulness. Preference is to be given to a student majoring in one of the Natural Sciences.

### **PART-TIME EMPLOYMENT**

Opportunities exist on the campus and in the city for the employment of students who find it necessary to earn a part of their expenses. Students who want part-time work may register with the Office of Student Personnel. While such a registration is not a guarantee of employment, these students are given preference when calls for part-time employees are received.

Electives to total .....	128

### 4. Art and Music Credit.

A maximum of twelve hours of Art will be accepted toward a degree.  
 A maximum of forty-two hours of Music will be accepted toward a degree.

### 5. Residence Requirements:

One year of residence is required for graduation from Millsaps, and 30 of the last 36 hours of academic work must be done in residence. The only exception allowed to this rule is in the case of students leaving to enter graduate or professional school, who may transfer back the final 18 hours of work. In this case, however, residence will be required at Millsaps for the second semester of the Junior year and the first semester of the Senior year.

Three summer sessions will be considered as equivalent to the one year of residence required.

\*If a student has two high school units and continues the same language in college, he is required to take only the foreign language 11-12 courses (6 hours).

\*\*Combinations of any two of these courses are possible in special cases.

**6. English Proficiency Requirement:**

Before receiving a bachelor's degree each student is required to demonstrate proficiency in English composition and usage by passing an examination given by the English Department. This examination is given in the first semester of the Junior year (or in the first semester of residence, in the case of students transferring to Millsaps at a later point in their college course). Those who fail to pass this examination are assigned to a member of the faculty for supervision in acquiring the required degree of proficiency.

**7. Extracurricular Credits:**

The following extracurricular activities to a maximum of eight semester hours may be included in the 128 semester hours required for graduation:

Physical Education (Required)	2
Physical Education (Elective)	6
Purple and White Editor	4
Purple and White Business Manager	4
Purple and White Department Editors (six)	6
Purple and White Staff (six)	6
Bobashela Editor	4
Bobashela Business Manager	4
Bobashela Editorial Staff (four)	4
Bobashela Business Staff (four)	4
Players	6
Millsaps Singers	6
Debate	6
Typewriting	4
Band	6

(Only one semester hour in each activity may be earned in each semester, except by the Editor and Business Manager of the Purple and White and the Bobashela.)

**8. Majors:**

In addition to taking the prescribed work for the degree, the student must major in one of the following departments:

**Biology.**—A student majoring in biology is required to take Biology 11, 12, 21A, 22A; one of 41, 52, or 62; and one of 81, 82, 83, 84, 103G, or 104G. The biology major who is a pre-medical student is required to take two of Biology 11, 12, or 41, and all of 21A, 22A, 42, and 61. All students majoring in biology will elect other courses in biology to total at least 26 semester hours. A Comprehensive seminar is required. Only three hours of 71-72 may be applied toward a major.

**Chemistry.**—All majors are required to take Chemistry 21-22, 31-32, 41 or 42, 61-62, (pre-med majors may substitute 61A for 61-62), 71, Physics 11A-12A, and it is suggested that they also take Physics 32. All majors except pre-medical students are required to take Mathematics through Integral Calculus.

**Economics and Business Administration.**—An Economics major is required to take Economics 21-22, 31-32, 71, and at least 15 additional

semester hours of advanced work in the department. Courses in shorthand and typewriting are not counted toward fulfillment of this requirement.

**Elementary Education.**—Students majoring in Elementary Education are required to complete the courses necessary to obtain the Mississippi Class A Elementary Certificate.

**English.**—An English major is required to take English 11-12 and 21-22. In addition the student must take twelve semester hours of other courses in the department. English 51 and 61 will not count toward this requirement.

**French and Spanish.**—For students majoring in either of these subjects no one course is required with more emphasis than the others. Such students are urged to take every course in their major subject which they can include in their schedules. A minimum of 24 semester hours is required beyond the A1-A2 course, but 30 semester hours are recommended.

**Geology.**—To major in Geology, a student must take Geology 11-12, 21, 31, 32, 41, 51, and 92. Majors must take 9 semester hours of Mathematics or Math. 11-12 and two semesters of Engineering Drawing. Biology 12 and 21A are required. Three semesters of Chemistry are required, 21-22, and either 41 or 71. Physics 11A-12A or 11-12 are required, and an additional semester of Physics or Astronomy. Physics 42 (Advanced Light) is helpful.

**German.**—To major in German, a student must take German 41-42 and any other twenty-four semester hours in this department.

**History.**—To be accepted as a History major, a student must have a 1.50 average in History and maintain this grade for his full course. History 11-12, 21-22, and 301 must be included in the 24 semester hours of history required for a major in History. A preliminary test must be passed at least one academic year before the comprehensive examination.

**Latin.**—To major in Latin, a student is required to take 24 semester hours of Latin beyond the A1-A2 course.

**Mathematics.**—For a major, Mathematics 11-12, 21-22, 31-32, and 9 semester hours selected from the other Mathematics courses must be taken. An additional course is strongly recommended.

**Music.**—See listings under the Department of Fine Arts, page 55-58.

**Philosophy.**—Any courses in this department totaling at least 24 semester hours will be accepted for a major.

**Physics and Astronomy.**—Students majoring in these two subjects should take General Physics, Astronomy 11-12, and additional work in the department to make a minimum of 24 semester hours. Physical Chemistry may be counted toward a major. Majors are advised to take a minimum of 12 hours of Mathematics and 14 of Chemistry.

**Political Science.**—Students intending to major in the department should take Political Science 21-22, 101-102, 301, and at least nine additional semester hours in the department. Students are advised to take related work in the Departments of Economics, History, Sociology, Philosophy and Psychology.

**Psychology.**—Students majoring in Psychology are required to earn a minimum of 24 semester hours in the department, including 11 and 112. Courses in Zoology, Physics, Sociology, and Philosophy are strongly recommended for Psychology majors.

**Religion.**—Religion 11 and 12 are required of all students. Majors in Religion are required to take an additional 25 hours of courses in the department, including Religion 71, 72, and 112. Philosophy 41 may be counted as three hours on the Religion major if the student satisfies the Philosophy requirements with six additional hours of Philosophy.

**Sociology.**—Majors in Sociology are required to take a minimum of twenty-four hours in the department to include Sociology 11, 201, and 202. In addition the department strongly recommends that majors have a three hour course in elementary statistics (Economics 71 or its equivalent) and a minimum of three hours in Economics and Political Science and Psychology. The specific courses in these fields should be made in consultation with the student's major professor. Economics 71 does not fulfill the requirement of three hours in Economics. Majors are encouraged to take both elementary statistics and Sociology 201 in the Junior year.

Students may be permitted to major in a subject only after careful consideration and with the consent of the head of the department.

A major for each student must be approved by one of the department heads not later than the beginning of the junior year. Two cards will be signed by the major professor to show approval of the choice of a major, and these cards will be kept on file, one with the Registrar's Office and one with the major professor.

No junior or senior registration will be accepted as complete by the Registrar's Office without the signed approval of the major professor.

For failing to maintain a C average or for other good cause, a student may change his major or be advised by his major professor to change his major as late as October 1 of his senior year. He must submit to the Registrar's Office on regular form (obtainable from the Registrar's Office) the express permission of both the Dean and the head of the proposed new major department.

Transfer credit will be accepted toward a major only with the approval of the department.

#### **9. Comprehensive Examinations:**

Before receiving a bachelor's degree the student must pass a satisfactory comprehensive examination in his major field of study. This examination is given in the senior year and is intended to cover subject matter greater in scope than a single course or series of courses. The purpose of the comprehensive examination is to coordinate the class work with independent reading and thinking in such a way as to relate the knowledge acquired and give the student a general understanding of the field which could not be acquired from individual courses.

Regularly scheduled conferences between department heads and students majoring in the department will be held throughout the senior year. The comprehensive examination requires at least three hours and is part written and part oral, the division of time between the two to be at the discretion of the members of the department concerned. The oral exam-

ination will be conducted by a committee composed of members of the department, and, if desired by the department, one or more members of the faculty from other departments or other qualified persons.

A student may take the comprehensive examination only if the courses on which he has credit and in which he is currently enrolled complete the requirements in the major department. He may take the examination in the spring semester if he will be within 21 hours of graduation by the end of that semester. In cases of necessity, the examination will be given in December or January for students who meet the other requirements and who will not be in residence at Millsaps during the spring semester.

The time of the comprehensive examination given in the spring semester is the first week in May of each year. Comprehensive examinations will not be given during the summer except by permission of the Dean.

Those who fail a comprehensive examination may have an opportunity to take another examination after the lapse of two months. If the student fails the second comprehensive, he may not have another until he has taken at least one additional semester's work in Millsaps College.

## COURSES REQUIRED FOR REGULAR STUDENTS

A regular student will be required to enroll for English, Mathematics, and Foreign Language each year until he has completed the degree requirements in these subjects. This rule does not apply to the summer session, or to students entering the second semester if the appropriate courses are not offered at that time.

Students who wish to prepare for a professional career in Social Work should plan a broad liberal arts program with a major in a social science. Because of the widely varied opportunities in this field, no specific schedule of courses is recommended for the junior and senior years. Instead, each student is urged to consult with his faculty adviser to plan a schedule.

**TEACHER TRAINING**

A placement bureau for teachers is maintained under the direction of the Department of Education. It seeks to further the interests of teachers trained at Millsaps College and to be of service to school officials who wish to secure efficient teachers.

Students planning to teach in either the elementary or secondary school should follow exactly the appropriate sequence of courses outlined below. The requirements for teaching certificates are quite detailed and specific, and students must have the exact courses specified. The following course of study will meet the requirements for a Millsaps degree and at the same time qualify the student for the Class A Elementary Certificate and the Class A Secondary Certificate.

**Elementary Teachers****Freshmen:**

\*If for the B. A. degree Latin or Greek is taken to meet the foreign language requirement, Speech 11 and Biology 101 (Hygiene) may be substituted for Mathematics, but this will make it necessary for the student to take six hours of Geology, Chemistry, or Physics rather than three. This should be taken in the Sophomore year, which will leave room for a three-hour elective in the Junior year.

\*\*If the student has credit for two years of language in high school and continues the same language in college, this second year of language is not required.

**Specialized Education and Major Subject .....	18-24 hr.

\*Any college course in Music or Art which carries with it three semester hours of credit or three semester hours of credit in Band or Singers may be substituted for the Music Appreciation T32 course.

\*\*For secondary school teaching the student is required to major in some department other than Education and for endorsement to teach the subjects listed below, the specific courses listed under each are required in addition to those specified above for the Freshman and Sophomore years:

**\*\*\*Business Education**

Economics 21-22 .....	6 hr.
Economics 31-32 .....	6 hr.
Economics 31A-32A .....	2 hr.
Typing 11-12, 21-22, or evidence of equivalent proficiency ..	4 hr.

**Speech**

Speech 12 .....	3 hr.
Speech 31-32 .....	6 hr.

\*\*Speech 241-242—Techniques of Acting .....4 hr.  
Additional courses to complete a major in English..12 hr.

\*\*Offered at Belhaven College.

\*\*\*In order to complete this entire program it will be necessary for the student to add Typing to the program of the Freshman and Sophomore years and to add also Economics 21-22 in the Sophomore year. This will be possible only if the required grade-point average is maintained.

**Foreign Language**

Completion of the major requirements in any language will more

than satisfy the requirements for teaching that language. It is recommended that the student also take two years of a second language.

### Mathematics

Completion of the requirements for a major in Mathematics will more than satisfy the requirements for teaching Mathematics in the secondary school.

### Music

Students planning to teach Music in the public schools should arrange their programs after consultation with the Music Department.

#### Science

Biology 9-10 or 11-12 .....	6 hr.
Chemistry 21-22 .....	8 hr.
Additional Chemistry .....	4 hr.
***Physics 11A-12A .....	8 hr.
Additional courses to complete a major in one of the sciences .....	12-18 hr.

#### Social Studies

History 21-22 .....	6 hr.
Economics, Sociology, Political Science .....	12 hr.
Additional courses to complete a major in Economics, History, Political Science, or Sociology.....	12-18 hr.

\*\*\*This replaces Geology 11 or Physics 11 specified in other programs for the Junior year and also makes it unnecessary to take Philosophy in the Senior year. The student will receive the B.S. degree.

### PRE-ENGINEERING

This program at Millsaps offers many opportunities for the student interested in engineering.

**3-2 Engineering B.S. Program:** At present we have arrangements with three engineering schools—Columbia University, The University of Mississippi, and Vanderbilt University—by which a student may attend Millsaps for three years for a total of 110 hours or more and then continue his work at either of the three schools listed above, transferring back 18 hours or less for a B.S. degree from Millsaps and at the end of the fifth year receive his engineering degree from the engineering school.

**4-2 Master's Program in Engineering:** Columbia University also has a 4-2 program in which a student attends Millsaps for four years, completing his degree requirements and then spending two more years at Columbia to obtain a Master's degree in Engineering.

Columbia University offers degrees in Civil, Electrical, Industrial, Mechanical, Metallurgical, Mining, and Chemical Engineering. The University of Mississippi offers B.S. degrees in Civil, Geological, Chemical, and Engineering Administration. Vanderbilt University offers Bachelor of Engineering degrees in Chemical, Civil, Electrical, and Mechanical Engineering.

Below is listed the course of study leading to the degrees listed above. The course is the same for all degrees at the three schools with the exception of Chemical Engineering, and the substitute courses for it are also listed.

For further information on these programs, write to Chairman, Mathematics Department, Millsaps College.

and Engineering 41-42 may be interchanged.**FORESTRY B. S.**

In cooperation with Duke University School of Forestry, Millsaps College now offers a course in Forestry. Under this program, a student planning a career in Forestry will spend three years in residence at Millsaps College pursuing a liberal arts course with the basic sciences needed for forestry. At the end of the three years he will have earned at least 110 hours. He will then transfer to Duke University School of Forestry for the next two years. By transferring back 18 hours, he will receive a B.S. degree from Millsaps College at the end of the fourth year and a degree

in Forestry from Duke University at the end of the fifth year. Students will be recommended for continuation of this course at Duke University only if they have maintained a good average at Millsaps College.

**MILLSAPS-BELHAVEN COOPERATIVE PROGRAM**

Students at Millsaps College are permitted to enroll for one or more courses at Belhaven College as a part of their regular program of studies. The two colleges are located only a few blocks apart, and the schedules have been coordinated so as to make possible this exchange of students between the two campuses. Courses at Belhaven College cost the student \$10 per semester hour.

There is also a sharing of the physical and other facilities of the two schools. Students at each institution may check out books from either of the college libraries.

**THE WASHINGTON SEMESTER**

"The Washington Semester" is a joint arrangement between The American University, Washington, D. C., Millsaps College and other colleges and universities in the United States to extend the resources of the national capital to superior students in the field of the social sciences. The object is to provide a direct contact with the work of governmental departments and other national and international agencies that are located in Washington, thus acquainting the students with possible careers in public service and imparting a knowledge of government in action.

Under this arrangement qualified students of demonstrated capacity from the participating colleges will spend a semester at the School of Social Sciences and Public Affairs of the American University in Washington. They will earn there fifteen hours toward graduation in their home colleges. In Washington the program is coordinated by staff members of The American University, assisted by a professor appointed for a single semester by one of the participating colleges.

Millsaps will ordinarily send two students in each fall semester. These will be either juniors or first semester seniors and will be selected by a faculty committee in April of each year.

It is believed by the administration and faculty of Millsaps that this opportunity for first-hand study and observation of government in action is unexcelled by any undergraduate program in education today.

## DIVISIONAL GROUPINGS

For administrative purposes, the departments of instruction at Millsaps are arranged in three groups as follows:

### **Humanities—**

Fine Arts, Languages, Philosophy, Religion, Speech.

### **Natural Sciences—**

Biology, Chemistry, Geology, Mathematics, Physics and Astronomy, Psychology.

### **Social Sciences—**

Economics and Business Administration, Education, History, Political Science, Psychology, Sociology.

## NUMBERING SYSTEM

Unless otherwise stated, the courses with odd numbers are offered the first semester and those with even numbers the second.

Hyphenated numbers (e.g., 11-12) usually indicate that students are not admitted to the second semester without credit for the first.

## DEPARTMENTS OF INSTRUCTION

- I Department of Ancient Languages
- II Department of Biology
- III Department of Chemistry
- IV Department of Economics and Business Administration
- V Department of Education
- VI Department of English
- VII Department of Fine Arts
- VIII Department of Geology
- IX Department of German
- X Department of History
- XI Department of Mathematics
- XII Department of Philosophy
- XIII Department of Physical Education\*
- XIV Department of Physics and Astronomy
- XV Department of Political Science
- XVI Department of Psychology
- XVII Department of Religion
- XVIII Department of Romance Languages
- XIX Department of Sociology
- XX Department of Speech\*

\*Majors are not offered in these departments.

## I DEPARTMENT OF ANCIENT LANGUAGES

EMERITUS PROFESSOR HAMILTON  
ASSOCIATE PROFESSOR COULLET  
EMERITUS PROFESSOR SANDERS

The ideas and culture of Greece and Rome live on today in their contributions to the culture of Western civilization. Intimate contact with the very words which express the aspirations of those great spirits whose influence has been so abiding and formative in the modern world should help shape the student's character to fine and worthy purposes. Furthermore, this undertaking affords a most rigorous exercise in the scientific method, producing habits and reflexes of accuracy, efficiency, and system.

Credit is not given for one semester of the elementary course unless the other semester is completed.

## LATIN

**A1-A2. Elementary Latin.**—Designed for students who have undertaken no previous study of the language. Mastery of declensions and conjugations, of syntax and sentence structure; familiarity with the Latin thought order and the technique of translation. A large amount of easy reading is required. Vocabulary is enlarged and sight reading is practiced during the second semester. Six hours credit. Mrs. Coulet.

**11-12. Intermediate Latin.**—The first semester is given over to review of forms, syntax, and sentence structure, and their application in translation and sight reading of moderately difficult Latin and the reading of Caesar is begun. The second semester is devoted to the translation of selections from Caesar, Plautus, and Ovid. Six hours credit. Dr. Hamilton, Mrs. Coulet.

Prerequisite: Latin A1-A2 or two units of high school Latin.

**21. Vergil and Ovid.**—Two books of the Aeneid and selections from the Metamorphoses. This course is a continuation of Latin 11-12, and is designed to introduce the student to the great classics from the precise point he or she has reached in the study of Latin. Three hours credit. Dr. Hamilton, Mrs. Coulet.

Prerequisite: 11-12 or the equivalent.

**22. Horace, Odes and Epodes.**—This course is designed to give the student an appreciation of the place occupied by the poet not only in his own environment and age but through the centuries, and to create an intelligent appreciation of his poetry. Three hours credit. Dr. Hamilton, Mrs. Coulet.

Prerequisite: Latin 11-12 or the equivalent.

**32. Classical Archaeology.**—This course attempts to visualize ancient classical civilization and may be elected by those who are not taking formal courses in Latin and Greek translation. It consists of lectures and outside reading supplemented by lantern slides. Three hours credit.

*Offered upon demand.*

**41. Mythology.**—A study of the ancient myths of Greece and Rome and their influence on later literature. This course is conducted in English, and is open to all students regardless of classification. Three hours credit. Mrs. Coulet.

*Offered upon demand.*

**42. Roman Private Life.**—A course of study designed to familiarize students with the everyday life and habits of the Romans. Three hours credit. Mrs. Coulet.

*Offered upon demand.*

**51. Roman Elegiac Poets.**—Readings in Catullus, Propertius, and Tibullus. Three hours credit.

**Prerequisite:** Latin 21-22.

*Offered upon demand.*

**52. Lucretius.**—Translation of the fifth book of the *De Rerum Natura*. Three hours credit.

**Prerequisite:** Latin 21-22.

*Offered upon demand.*

**61. Survey of Greek and Roman Civilizations.**—Reading of literature in translation. Study of Greek and Roman remains as well as private and public life. Lectures and outside readings supplemented by lantern slides and films. Three hours credit.

*Not offered in 1958-59.*

**121-122. Latin Readings.**—Additional readings in the classics are selected for advanced students.

**Prerequisite:** 11-12, 21-22.

*Not offered in 1958-59.*

## GREEK

**A1-A2. Introduction to Greek.**—Attention is paid to the thorough mastery of forms, vocabulary, and syntax, but emphasis is laid also upon the great contributions made by the Greeks to Western civilization in the fields of art, literature, and philosophy. Six hours credit. Dr. Hamilton.

**11-12. Xenophon, Plato, and Greek New Testament.**—Two books of the *Anabasis* and Plato's *Apology* and *Crito* are covered. Selections from the Greek New Testament are also read in this course. Six hours credit. Dr. Hamilton.

**Prerequisite:** Greek A1-A2.

## II DEPARTMENT OF BIOLOGY

PROFESSOR CAPLENOR

ASSISTANT PROFESSOR WARD

Biology serves (1) to present the basic principles underlying all life phenomena and to correlate these principles with human living; (2) to give students a panorama of the kinds of animals and plants which now inhabit the earth and the major features of their behavior; (3) to help students appreciate their living environments; and (4) to present a generalized view of heredity and evolution.

- 9. Fundamentals of Biology.**—Study of many of the basic phenomena of life using historical and physiological approaches. Some principles treated are maintenance, reproduction, evolution, diversity, ecology and biogeography. The course is planned for the person not intending to major in a science. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Caplenor.
- 10. Fundamentals of Biology.**—Continuation of Biology 9. Three hours credit. Dr. Caplenor.  
Prerequisite: Biology 9.
- 11. Botany.**—Structure and physiology of seed-bearing plants. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Caplenor.
- 12. Botany.**—Life cycles and embryological relationships of plant groups from the most primitive to the highest. Two discussion periods and one two-hour laboratory a week. Three hours credit. Dr. Caplenor.
- 21A. Zoology.**—A study of invertebrate taxonomy, morphology, physiology, and natural history. Two discussion periods and two two-hour laboratory periods a week. Four hours credit. Mr. Ward.
- 22A. Zoology.**—A study of vertebrate taxonomy, morphology, physiology, and natural history. Laboratory study and dissection of five representative vertebrates. Two discussion periods and two two-hour laboratory periods a week. Four hours credit. Mr. Ward.
- 41. Elementary Bacteriology.**—Preparation of media, culture methods, sterilization, isolation, staining, and identification of micro-organisms. Two recitations and two two-hour laboratory periods a week. Four hours credit. Dr. Caplenor.  
Prerequisite: Biology 11 or 12, or permission of the instructor.
- 42. Comparative Anatomy.**—A comparative study of typical vertebrate forms. Laboratory study and dissection of the *Amphioxus*, lamprey, dogfish, salamander, and cat. Two discussion periods and two two-hour laboratory periods a week. Four hours credit. Mr. Ward.  
Prerequisite: Biology 21A-22A.
- 51. Histology.**—Study of the microscopic anatomy of vertebrate animals with emphasis on basic tissues. Two discussion periods and two two-hour laboratories a week. Four hours credit. Mr. Ward.  
Prerequisite: Biology 42.
- 52. Genetics.**—Principles of inheritance in plants and animals. Three recitations a week. Three hours credit. Mr. Ward.  
Prerequisite: Biology 11-12, 21A-22A, or permission of the instructor.
- 61. Embryology.**—A study of the comparative embryology of the vertebrates. Laboratory study of the embryos of the frog, chick, and pig. Two discussion periods and two two-hour laboratory periods a week. Four hours credit. Mr. Ward.  
Prerequisite: Biology 21A-22A.

**62. General Physiology.**—A study of the constituents, properties, and activities of protoplasm. Two discussion periods and two two-hour laboratory periods a week. Four hours credit. Dr. Caplenor.

**71-72. Special Problems.**—One to three hours credit for each semester. Staff.

Prerequisite: Permission of the instructor.

**81. Plant Taxonomy.**—Study of local plants with emphasis upon trees, shrubs, liverworts, and mosses. Attention is given to taxonomic systems, to elementary principles of plant ecology, and to plant geography. Two discussion periods and two two-hour laboratory or field periods a week. Four hours credit. Dr. Caplenor.

Prerequisite: Biology 11 or 12.

**82. Plant Taxonomy.**—A continuation of Biology 81 with emphasis upon local herbaceous flowering plants and ferns. Four hours credit. Dr. Caplenor.

Prerequisite: Biology 11 or 12.

**83. Taxonomy of Invertebrate Animals.**—A survey of the invertebrate animals exclusive of the insects. The course is designed for teaching basic field identification and for familiarizing the student with the life histories of the invertebrates. Two discussion periods and two two-hour laboratories a week. Four hours credit. Mr. Ward.

Prerequisite: Biology 21A.

**84. Taxonomy of Vertebrate Animals.**—A survey of vertebrate taxonomy including collection, identification, and instruction in methods of preparation of material for taxonomic utilization. Two discussion periods and two two-hour laboratories a week. Four hours credit. Mr. Ward.

Prerequisite: Biology 22A and Biology 42.

**101. Hygiene.**—Personal health and care of the body; food, sanitation, diseases and contagion, vitamins, and hormones. Three hours lecture. Three hours credit.

**102. Entomology.**—Collection, identification, and study of the life cycles of insects. One lecture and two laboratories a week. Three hours credit. Mr. Ward.

**103G. Marine Invertebrate Zoology.**—Offered at Gulf Coast Research Laboratory during summer term. Six hours credit.

**104G. Marine Vertebrate Zoology.**—Offered at Gulf Coast Research Laboratory during summer term. Six hours credit.

### III DEPARTMENT OF CHEMISTRY

PROFESSOR PRICE

PROFESSOR JAMES

The objectives of the Department of Chemistry are (1) to provide at least an introduction to the scientific method for non-science majors; (2) to equip science majors with the proper background for professional

and graduate study; and (3) to provide terminal training for those students who go into industry as technicians.

**21-22. General Chemistry.**—Fundamental principles of general inorganic chemistry and applications; nonmetallic elements and their principal compounds. Introduction to organic chemistry; chemistry of metals; introduction to qualitative analysis. Three lecture-recitations and one laboratory period per week through both semesters. Eight hours credit. Dr. Price.

**31-32. Organic Chemistry.**—Aliphatic compounds, methods of organic analysis, and determination of formula. Aromatic compounds, and introduction to physiological chemistry. Three lecture-recitation periods and two laboratory periods per week through both semesters. Ten hours credit. Dr. Price.

Prerequisite: Chemistry 21-22.

**41. Qualitative Analysis.**—The theory and practice of inorganic qualitative analysis according to semi-micro methods. Mass action law, chemical equilibrium, solubility product principle, and modern theory of electrolytes. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Dr. James.

**42. Organic Qualitative Analysis.**—Identification of organic compounds and mixtures of organic compounds. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Dr. Price.

Prerequisite: Chemistry 31-32.

**61-62. Physical Chemistry.** A course designed for all chemistry majors except pre-medical students. A study of atomic structure, the properties and laws of the three states of matter, thermodynamics, thermo-chemistry, equilibrium, phase rule, electrochemistry, and kinetics. Three lecture periods and one laboratory period per week through both semesters. Eight hours credit. Dr. James.

Prerequisite: Chemistry 21-22, 71, and Calculus (may be taken concurrently).

**61A. Pre-medical Physical Chemistry.** — A one-semester introductory course designed to meet the needs of pre-medical students. Gas laws, properties of liquids, properties of solutions, chemical kinetics, catalysis, electrochemistry, and colloidal solutions. Three lecture recitation periods and one laboratory period per week. Four hours credit. Dr. James.

Prerequisite: Chemistry 21-22 and 71.

**71. Quantitative Analysis.**—Theory and practice of inorganic quantitative analysis. Gravimetric and volumetric methods with unknowns in acidimetry and alkalimetry; oxidation and reduction; iodimetry; and precipitation methods. Two lecture-recitation periods and two laboratory periods per week. Four hours credit. Dr. James.

Prerequisite: Chemistry 21-22.

**72. Advanced Quantitative Analysis.**—Analysis of water, fuels, and commercial products. Properties of engineering materials. Two lecture-

recitation periods and two laboratory periods per week. Four hours credit. Dr. James.

Prerequisite: Chemistry 71.

**82. Advanced Inorganic Theory.**—A study of atomic structure, atomic power, and radioactivity; the periodic nature of the properties of the elements; the metallurgy, production, reactions, and uses of the elements. Three lecture-recitation periods per week. Three hours credit. Dr. James. Prerequisite: Chemistry 21-22.

**101-102. Special Problems.**—An introduction to research, requiring the use of chemical literature. Open only to approved majors in their senior year. One, two, or three hours credit per semester. Dr. Price, Dr. James.

#### IV DEPARTMENT OF ECONOMICS AND BUSINESS ADMINISTRATION

PROFESSOR WALLACE

ASSOCIATE PROFESSOR WALLS

ASSISTANT PROFESSOR JOHNSON

MRS. HOLLOWAY

MR. MORGAN

The objectives of the Department of Economics are (1) to equip students with a more adequate understanding of modern economic society in order to assist them in becoming intelligent citizens of the communities in which they live; (2) to provide a thorough basic foundation for specialized graduate or professional study; and (3) to give students who expect to enter the business world a broad background and some of the fundamental information and viewpoints which will contribute to success and happiness in their later lives. In all courses the social viewpoint of the general welfare of society is emphasized, and the relationships among individual, group, and social welfare are pointed out.

**11. Introduction to Business.**—A survey of the nature and role of business in our present-day economy. This course attempts to provide the student with an understanding and appreciation of the functions, responsibilities, and problems of business enterprise. Each week during the semester the student will visit a representative firm to observe it in operation. Not open to students who have previously received credit in Economics 21-22 or the equivalent. Prerequisite: Psychology 11, 22.

**32. Principles of Secondary Education.**—This course is designed to orient those students who are planning to teach in the high school to certain principles and problems of our modern high schools, including guidance. Three hours credit. Mr. Haynes.

Prerequisite: Psychology 11, 22.

**41-42. Directed Observation and Practice Teaching in the High School.**

The student observes and teaches in an assigned classroom in the Jackson City Schools throughout the semester. Regular conferences are held with the instructor for planning, discussion, and appraisal of this classroom experience. Three hours credit for each semester. Mr. Haynes.

Prerequisite: C average and Education 31-32.

**51. The Teaching of Reading in the Elementary School.**—This course places special emphasis on the study of methods and materials of teaching reading in all the grades of the elementary school. Three hours credit. Mrs. Anding.

Prerequisite: Psychology 11, 22.

**52. Principles and Techniques of Teaching in the Elementary School.** An introductory course designed to orient those students who are planning to teach in the elementary school to certain principles, techniques and problems of our modern elementary schools. Three hours credit. Mr. Haynes, Mrs. Anding.

Prerequisite: Psychology 11, 22.

**61-62. Directed Observation and Practice Teaching in the Elementary**

**School.**—The student observes and teaches in an assigned classroom in the Jackson City Schools throughout the semester. Regular conferences are held with the instructor for planning, discussion, and appraisal of this classroom experience. Three hours credit for each semester. Mr. Haynes.

Prerequisite: C average and Education 51-52.

**91. Directed Observation and Practice Teaching in the High School.**

The student observes and teaches in an assigned class room in the Jackson City Schools throughout the semester. Regular conferences are held with the instructor for planning, discussion, and appraisal of this classroom experience. Six hours credit. Mr. Haynes.

Prerequisite: C average and Education 31-32.

**101. Directed Observation and Practice Teaching in the Elementary School.**

—The student observes and teaches in an assigned classroom in the Jackson City Schools throughout the semester. Regular conferences are held with the instructor for planning, discussion, and appraisal of this classroom experience. Six hours credit. Mr. Haynes.

Prerequisite: C average and Education 51-52.

**111-112. Special Problems.**

—Open only to advanced students qualified to do independent study and research under the guidance and supervision of the instructor. One to three hours credit. Mr. Haynes.

Prerequisite: At least twelve hours in education and permission of the instructor.

**131. Alcohol Education.**

—A study of the alcohol problem and of the educational approach to it. Does not apply on a major in Education.

Either semester. Three hours credit. Dr. Price and staff.

**141. Science for the Elementary Grades.**

—This course covers the content (subject matter), materials, resources, and methods of teaching and learning science in the elementary grades. Three hours credit. Mrs. Anding.

Prerequisite: Psychology 11, 22.

**151. Social Science for the Elementary Grades.**

—This course emphasizes the subject matter, materials, and methods of teaching and learning the social studies in the elementary grades. Three hours credit. Mrs. Anding.

Prerequisite: Psychology 11, 22.

**161. Arithmetic for the Elementary Grades.**

—This course presents a comprehensive survey of the subject matter, materials, and resources of arithmetic from a meaningful point of view. Instructional methods directed toward helping the learner to develop understanding of arithmetic are included. Three hours credit. Mr. Ritchie.

Prerequisite: Psychology 11, 22.

## VII THE DEPARTMENT OF FINE ARTS

ASSOCIATE PROFESSOR AMBROSE

ASSISTANT PROFESSOR WELSH

MRS. BYLER

\*MRS. SIGMAN

MR. SMITH

MR. PURSER

MR. WOLFE

MRS. WOLFE

MR. FAIRBANKS

A major is offered in Music Theory, Organ, Piano, and Voice.

A maximum of forty-two semester hours in Music and twelve hours in Art will be accepted toward a degree. Majors in Music are required to participate in a regularly scheduled music ensemble during each semester

\*On leave, 1957-58.

of residence. Candidates for the degree with a major in music must present one quality point for each semester hour earned in courses other than music.

Millsaps students enjoy the opportunities of participation in The Jackson Symphony Orchestra, The Jackson Opera Guild, The Jackson Little Theatre, and The Jackson Art Association. They can also buy tickets at special student rates for the concerts of The Jackson Symphony Orchestra and The Jackson Music Association Series.

**Applied Music Major.** Required: Sixteen hours in one field of applied music; twenty-five hours of theory; Junior and Senior recital.

#### **Piano Requirements**

To enter the four year degree plan in piano the student must be grounded in reliable technique. He must be able to play all major and minor scales, broken chords in octave position, and he should have acquired some standard repertory as well as systematic methods of practice.

#### **Organ Requirements**

To enter the four year degree plan in organ the student must have completed sufficient piano study to enable him to play some Bach two-part Inventions, Mozart Sonatas, easier Beethoven Sonatas and compositions by Mendelssohn, Grieg, Schubert, and Schumann.

#### **Voice Requirements**

To enter the four year degree plan in voice the student must be able to sing standard songs in English, demonstrating the ability to sing with correct pitch and phrasing, and with musical intelligence. He should be able to sing a simple song at sight, demonstrating some knowledge of the rudiments of music.

**Music Theory Major.** Required: Thirty hours in theory; twelve hours in applied music. Candidates in this field must present a minimum of eight hours in piano, but they may elect to take voice or organ for the remaining four hours required.

#### **I. Music Theory**

**T11-12. Basic Theory.** Technical study of the elements of music. Study of scales, intervals, and chords. Harmonic part-writing, sight-singing and dictation, and keyboard harmony. Three lecture hours and two laboratory hours per week. Eight hours credit.

**T21-22. Advanced Theory.**—Continuation of T11-12. Harmonization of Chorales, modulation, altered chords, advanced sight-singing, harmonic dictation, and keyboard harmony. Three lecture hours and two laboratory hours per week. Eight hours credit.

**T32. Music Appreciation.**—Biographical and appreciation studies intended for the general college student. Three lecture hours per week. Three hours credit.

**T41-42. Counterpoint.**—Study of the development of polyphony of the sixteenth century, mediaeval modes, the motet, and the writing of strict counterpoint. The second semester is devoted to the study of poly-

phony of the eighteenth century, the writing of canon and fugue, and free counterpoint in contemporary styles. Two lecture hours per week. Four hours credit.

**T51. Form and Analysis.**—Harmonic and formal analysis of basic musical structures and study of advanced musical forms. Three lecture hours per week. Three hours credit.

**T61. Composition.**—Training in the original composition of music, from the Scherzo and Trio to the Sonatina. Vocal forms are included. T21-22, T41-42 and T51 are prerequisite. Three lecture hours per week. Three hours credit.

**T71. Orchestration.**—Practical training in scoring for orchestra and band, including a study of instrumental ranges, transpositions, and timbres. Two lecture hours per week. Two hours credit.

**T81-82. Music History.**—A survey of the history and development of Music. The first semester includes music from antiquity to 1750, and the second semester music to the present day. Three lecture hours per week. Six hours credit.

**T91. Thesis in Music.**—Meetings arranged. One to three hours credit.

**T92. Music in Religion.**—A survey of the development of religious music from antiquity to the present day. Practical training in the organization and administration of the Church music program is included. Open to non-music majors on consent of the instructor. Three lecture hours per week. Three hours credit.

**T93. Directed Study in Music Literature.**—Advanced surveys of a concentrated area of music literature. The area studied depends upon the instrumental emphasis of the student. Two lecture hours per week. Two hours credit.

## II. Music Education

**ME11. Public School Music.**—A study of the administration and teaching of music at the elementary school level. The basic elements of music theory are included. This course is the same as Education 181. Three lecture hours per week. Three hours credit.

**ME12. Conducting.**—Basic training in conducting, score-reading and rehearsal techniques, choral and instrumental. Laboratory conducting of ensembles and study of the administration and teaching of music at the junior and senior high school levels. Three lecture hours per week. Three hours credit.

**41-42. 61-62. Directed Observation and Practice Teaching.**—(See Education Department).

## III. Applied Music

Courses are designated by the first letter of the name of the instrument followed by the proper number from the following table:

**Freshman 11-12, Sophomore 21-22, Junior 31-32, Senior 41-42.** Major and minor credit. Two lessons per week. Four hours credit.

**A-B. Elective credit only.** One or two lessons per week. Two or four hours credit.

**MR31. Junior Recital.** Required of Applied Music majors.

**MR41. Senior Recital.** Required of applied music majors.

**ENS11-12, 21-22, 31-32, 41-42. Band.** Performance in concerts and tours. Marching activities at athletic events. Four hours per week. Extra-curricular credit; two hours.

**ENS51-52, 61-62, 71-72, 81-82. Millsaps Singers.** Four hours per week. Extra-curricular credit; two hours.

### ART

**11-12. Principles of Design, Composition, Color, and Techniques.**—The principles of design, composition, color, and the traditional techniques of representation; drawing, painting, modelling, etc. are introduced in this course. These are the tools of the creative graphic and plastic arts. They are basic to a full understanding of the problems involved in most art forms, such as: architecture, industrial design, interior decoration, textile design, stage design, mosaics, lettering, illustration, "Fine" painting, sculpture, etc. Mr. Karl Wolfe.

**21-22. Specialized Art Forms and Mediums.**—In this course the student is encouraged to work toward specialization in the art-forms and mediums toward which his interest and natural abilities lead him. In both courses every effort is made to establish a sound and stimulating basis on which the student may fully develop his individual integrity, critical faculty and creative ability. The rate at which a student may develop these faculties is largely dependent on his own efforts. Mr. Karl Wolfe.

**32. The History of Art.**—A study of the creative impulse in men as expressed in his architecture, sculpture, painting, and minor graphic arts. Three hours credit. Mrs. Mildred Nungester Wolfe.

## VIII THE DEPARTMENT OF GEOLOGY

PROFESSOR PRIDDY

ASSISTANT PROFESSOR JOHNSON

**Geology at Millsaps is designed to offer the usual basic courses in physical, historical, structural, economic geology, and mineralogy.** They are supplemented by Gulf Coast studies in stratigraphy and petroleum geology. Any student can enter physical geology. Subsequent courses require physical geology and introductory mathematics, chemistry, physics, and biology in order to prepare for advanced courses. It is necessary that the order of prerequisites be carefully chosen. Most courses require laboratory work, some of which is field work.

**11. Physical Geology.**—This course is based on a study of the earth, the rocks which comprise its surface, erosional and depositional processes, volcanism, deformation of the earth's crust, and economic deposits.

One or two field trips. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy, Mr. Johnson.

*Offered each semester and first term summer school.*

**12. Historical Geology.**—A study of the events leading to the present configuration of the continental masses, accounting for the kinds and distribution of surface rocks and minerals. The course includes an introduction to paleontology and several trips to fossiliferous areas easily accessible to Jackson. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy, Mr. Johnson.

**Prerequisite:** Geology 11, or to be taken concurrently with Geology 11.

*Offered each semester and second term summer school.*

**21. Mineralogy.**—The purpose of this course is to classify the common minerals and to study their modes of occurrence and economic uses. Students will classify hand specimens by crystal structure, hardness, cleavage, color, luster, and specific gravity. The course is an interesting elective for chemistry, physics, and mathematics majors. Two lecture hours and two hours laboratory. Three hours credit. Mr. Johnson.

**Prerequisite:** Geology 11 and Chemistry 21-22. Introductory mathematics courses are desirable.

*Offered each fall semester.*

**22. Economic Geology.**—A study of the chief economic minerals of the United States and other countries, with consideration of their stratigraphy, development, value, and use. Two hours lecture and two hours laboratory. Three hours credit. Mr. Johnson.

**Prerequisite:** Geology 11-12 and 21.

*Offered each spring semester.*

**31. Geology of Mississippi.**—A course designed to acquaint the student with the stratigraphy, structure, and physiography of the Southeastern United States and especially of Mississippi. Studies will consist of stratigraphic and structural cross-sections, paleogeographic maps, index fossils, and assigned readings in Mississippi and regional literature. One two-day field trip and several short ones provide supplementary information. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

**Prerequisite:** Geology 11-12, 32, and 41.

*Offered each fall semester.*

**32. Structural Geology.**—Structural features of the rocks comprising the earth's crust, their origin, and their relations to economic geology. Geological folios and reports on the structure of oil fields will be used in laboratory. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

**Prerequisite:** Geology 11-12.

*Offered each spring semester.*

**41. Physiography (Geomorphology).**—A more detailed treatment of land forms than provided in Geology 11. The physiographic provinces and sections of the United States are studied systematically, but most emphasis is placed on the Coastal Plain. Topographic maps, aerial

photographs, and geological folios are used in laboratory. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12.

*Offered each fall semester.*

**42. Petroleum Geology.**—A course designed to acquaint students with structure and stratigraphy as applied to petroleum geology. Special attention is paid to surface and sub-surface mapping, geophysical methods of exploration, and correlation of drillers and electrical logs. For practice, a Mississippi oil field will be followed through its various stages of exploration and development. Trips are made to several drilling wells. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12, 31, 32, and 42, and Chemistry 21-22.

*Offered each spring semester.*

**51. Invertebrate Paleontology.**—The principles of paleontology. Classification of invertebrates with reference to their evolutionary history and adaptation to environment. Laboratory study of the morphology and distribution of fossils. Special attention will be paid to the diagnostic fossils of Mississippi geological units collected during field trips. An interesting elective for biology majors. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12 for geology majors, Biology 11-12 or 21-22 for biology students.

*Offered each fall semester.*

**52. Vertebrate Paleontology and Paleobotany.**—A study of vertebrate fossil life, especially that found in Gulf Coast units. The last part is devoted to paleobotany. An interesting elective for biology majors. Two lecture hours and two hours laboratory. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12 for geology majors, Biology 11-12 or 21-22 for biology students.

*Offered each spring semester.*

**61-62. Special Problems.**—Open to advanced students who have individual problems in the field or in laboratory. Subjects may include interpretation of aerial photos, micropaleontology, petrology, study of oil well cuttings, electric logs, and correlation of oil well logs. One to three hours credit for each course. Dr. Priddy, Mr. Johnson.

Prerequisite: Eighteen hours of geology.

*Offered each semester.*

**71. Field Geology.**—A field course in one of the numerous summer geology field camps offering practical training in the standard methods of geologic field work. After completion of the field work a report is to be prepared by each student. Three to six hours credit depending on the duration of the camp.

Prerequisite: To be determined by the college or colleges operating the course, the probable equivalent of Geology 11-12, 41, 32, and either Geology 51-52 or 21-22.

*Offered each summer at the time designated by the camp operators.*

**82. Petrography.**—An introduction to the petrographic microscope, especially to the reflective, refractive, and polarizing properties of light. The petrographic microscope is used both for the identification of mineral fragments and minerals in thin section. Three hours credit. Mr. Johnson.

Prerequisites: Geology 92 and Physics 42.

*Offered each spring semester.*

**91. Sedimentary Petrology.**—The classification, composition, deposition, and origin of sedimentary rocks. The course is designed for students in general geology but is especially important for petroleum geologist and for engineers. Hand specimens of sedimentary rocks will be studied, and there will be practice in mechanical analyses of unconsolidated sediments collected during several field trips. A sedimentation trough will also be used to see how sediments are actually laid down. As a conclusion of the course each student will make an oral and written report on a problem he has chosen. Three hours credit. Dr. Priddy.

Prerequisite: Geology 11-12 and 21.

*Offered each spring semester.*

**92. Lithology.**—A study of the megascopic characteristics of igneous, sedimentary, and metamorphic rocks and their use in rock classification. Practice is given in identification through the use of hand specimens. Three hours credit. Mr. Johnson.

Prerequisites: Geology 21 or advanced standing for Chemistry and Physics majors.

*Offered each fall semester.*

**101. Engineering Geology.**—The applications of Geology to Engineering, for practicing engineers and geology majors. Kinds of rocks encountered in excavations are studied, in both weathered and unweathered state. Conventional engineering tests are used. Three hours credit. Mr. Johnson.

Prerequisite: Geology major or consent of the instructor.

*Offered each fall semester.*

**110G. Marine Geology.**—A lecture and laboratory introduction to the general principles of the subject, with special reference to the Gulf of Mexico. This course is Geology 341 as taught at the Gulf Coast Research Laboratory, Ocean Springs, Mississippi. Three hours credit. Dr. Priddy.

Prerequisites: 18 hours of Geology including Geology 21.

*Offered at the Laboratory July 14-August 2, 1958.*

**112G. Problems in Marine Sedimentation.**—Supervised research for advanced students in marine sedimentation. This course is Geology 441 or 461 as taught at Gulf Coast Research Laboratory, Ocean Springs, Mississippi. Three hours credit. Dr. Priddy.

Prerequisite: Geology 110G.

*Offered at the Laboratory August 4-August 23, 1958.*

## IX DEPARTMENT OF GERMAN

EMERITUS PROFESSOR HAMILTON

ASSOCIATE PROFESSOR GUEST

ASSOCIATE PROFESSOR COULLET

The German department courses have been set up to give those students taking their language requirement in this department a firm basis in grammar and an introduction to the literature of this language. For majors in the department courses have been arranged to give the student a firm knowledge of the grammar as well as a broad and basic conception of the great literature and history of Germany.

Credit is not given for one semester of the elementary course unless the other semester is completed.

**A1-A2. Beginning German.**—This course is designed to give beginners the fundamentals of grammar and a basic reading knowledge of the language. Six hours credit. Mrs. Couillet, Mr. Guest.

**11-12.—Intermediate German.**—Review of grammar. The student is introduced to some important writers of German literature. Six hours credit. Mr. Guest.

Prerequisite: German A1-A2 or the equivalent.

**21-22. Advanced Intermediate German.**—This course is designed to prepare the student for independent research and study. The student works with a dictionary and a basic text rather than with an edited text. Six hours credit. Mr. Guest.

Prerequisite: German A1-A2 with a grade of A or B or with the permission of the instructor.

**32. Conversation and Composition.**—Exercises and practice in writing and speaking the German language. Three hours credit. Mr. Guest.

Prerequisite: Permission of the instructor.

*Not offered in 1958-59.*

**41. Survey-History of German Literature.**—Lecture survey of German literature, discussing authors, works, with oral and written reports by students. Three hours credit. Mr. Guest.

Prerequisite: Permission of the instructor.

**42. Readings in German Literature.**—Reading of selected authors with conference direction and instruction. Three hours credit. Mr. Guest.

Prerequisite: Permission of the instructor.

**51-52. Goethe, Schiller.**—The major poems and dramas and selected prose works of Goethe, together with the major dramas of Schiller will be read and analyzed. Six hours credit.

*Not offered in 1958-59.*

**61-62. Nineteenth Century German Literature.**—Readings from the major figures of Romanticism and Realism, including Kleist, Hoelderlin, Grillparzer, Heine, Meyer, Storm, Keller, and Fontane. Six hours credit.

*Not offered in 1958-59.*

- 71-72. Modern German Literature.**—Readings in the major writers of the period, including Mann, Hesse, Kafka, Rilke, George, Hauptmann, and Hofmannsthal. Six hours credit. Mr. Guest.  
Prerequisite: Permission of the instructor.

## X DEPARTMENT OF HISTORY

PROFESSOR MOORE

PROFESSOR FERGUSON

ASSOCIATE PROFESSOR LANEY

ASSISTANT PROFESSOR McWHINEY

History courses have been so planned that the student may follow the causal relationship in human development. Upon a thorough factual foundation, emphasis is placed on the progressive organization of social, intellectual, and moral ideas of peoples and nations. In the approach to an understanding of historical phenomena, literature, religion, racial factors, economic conditions, and social institutions, as well as forms of government, will be considered.

- 11. Western Civilization to 1815.**—A general survey of Western political, economic, and social institutions to the nineteenth century. Three hours credit. Dr. Moore, Dr. Ferguson, Dr. Laney, Mr. McWhiney.

- 12. Western Civilization since 1815.**—A study of European expansion and world influence from the time of Napoleon to the present. Three hours credit. Dr. Moore, Dr. Ferguson, Dr. Laney, Mr. McWhiney.

- 21. History of the United States.**—A general course in American history, covering the European background of colonial life, the Revolution, the Constitution, and the development of the nation through the Civil War. Three hours credit. Dr. Moore, Mr. McWhiney.

- 22. History of the United States.**—The history of the United States from 1865 to the present. Three hours credit. Dr. Moore, Mr. McWhiney.

- 33. American Social and Intellectual History.**—Attention will be centered on social and intellectual developments in the United States before 1865. Three hours credit. Mr. McWhiney.  
Prerequisite: History 21 or consent of the instructor.

- 34. American Social and Intellectual History.**—Selected topics in American culture since 1865. Three hours credit. Mr. McWhiney.  
Prerequisite: History 22 or consent of the instructor.

- 41. The South.**—Development of the southern region of the United States from the time of discovery to the close of the Civil War. Emphasis is placed on the social and economic structure of Southern society before 1860. Three hours credit. Dr. Ferguson.  
Prerequisite: Junior standing.

- 42. The South.**—The effects of the Civil War and Reconstruction on the social, economic, and political structure of the South, and the development of the region's current problems. Three hours credit. Dr. Ferguson.  
Prerequisite: Junior standing.

**51. Problems in Modern History.**—The nature and impact of such present-day problems in international relations as Nationalism, Imperialism, Militarism, and Propaganda. Three hours credit. Dr. Moore.  
Prerequisite: History 11-12.

*Not offered in 1958-59.*

**52. Problems in Modern History.**—A broad view of the history of Europe since 1914. Not open to students who have credit in History 82. Three hours credit. Dr. Moore.

Prerequisite: History 11-12.

*Not offered in 1958-59.*

**61. Recent American History.**—A topical survey of American history 1865-1900, in which emphasis is placed upon political, economic, and social problems. Three hours credit. Dr. Moore.

Prerequisite: History 22.

**62. Recent American History.**—A topical survey of American history 1900 to the present. Special papers will be required. Three hours credit. Dr. Moore.

Prerequisite: History 22.

**81. Recent European History.**—A survey of the major political, economic and social developments in Europe from 1870 to 1919. Late 19th century imperialism will be considered, and particular attention given to the origins of World War I and the peace settlement of 1919. Three hours credit. Dr. Laney.

**82. Recent European History.**—A continuation of History 81, covering the period since World War I. Principal attention will be given to the development of the major European states since 1919 and to the background of World War II. Students having credit for History 52 may not take History 82 for credit. Three hours credit. Dr. Laney.

**83. Russia in Modern Times.**—Beginning with a brief survey of the origins of Russia and of her development in the Kievan period and under the Tatar Khans, primary attention will be given to the rise of Muscovy, her emergence as a European Power in the 17th century, and her development down to the death of Alexander II in 1881. The growth of Russia's characteristic institutions under the Tsars, and her expansion into Asia since the 16th century will be considered. Three hours credit. Dr. Laney.

*Not offered in 1958-59.*

**84. Russia in the Late 19th and 20th Centuries.**—A continuation of History 83, tracing the general history of Russia since the 1870's. Special emphasis will be given to the growth of socialist and radical thought in the late 19th Century, to the revolutions of the 20th Century, and to the development of Russia under the Soviet regime down to the present day. Three hours credit. Dr. Laney.

*Not offered in 1958-59.*

**101. The Far East in Modern Times.**—A study of the history and development of the Far East from 1500 to the beginning of the 20th century. Particular attention will be given to the impact of Western civilization upon the major states and peoples of the Far East, to colonialism and imperialism, and to the role of the Far East in international relations down to World War I. Three hours credit. Dr. Laney.

*Not offered in 1958-59.*

**102. The Far East in the Twentieth Century.**—A continuation of History 101, dealing with the recent period of Far Eastern history. Special attention will be given to developments in China, India, Japan, and the Indonesian area, and to their effect upon international relations. Problems in the post-World War II Far East will be considered. Three hours credit. Dr. Laney.

*Not offered in 1958-59.*

**111-112. History of England.**—A survey of English history from Roman times to the present. Political, social, and economic development will be considered, as well as the evolution of the British constitution and governmental system. The first semester will cover the period down to the Restoration of 1660. The second semester will continue the study from the Restoration to the present day, with some attention being given to the history and development of the British Empire. Six hours credit. Dr. Laney.

**301. Special Problems in History.**—A study of how history is written and interpreted and of problems in American civilization. May be taken by students who have 6 sem. hrs. in History and is required of all History majors. Three hours credit. Dr. Moore.

**302. Current Problems.**—Class discussion of current problems of national and international importance. Open to students who have 6 sem. hrs. credit in History. Three hours credit. Dr. Moore.

## XI DEPARTMENT OF MATHEMATICS

EMERITUS PROFESSOR MITCHELL

PROFESSOR REYNOLDS

ASSOCIATE PROFESSOR KNOX ASSISTANT PROFESSOR RITCHIE

### I. MATHEMATICS

The Mathematics courses at Millsaps are intended (1) to offer an experience in a sufficient variety of basic and liberal subjects to constitute the foundation of that general education which is regarded as essential to balanced development and intelligent citizenship; (2) to meet the needs of four types of students—(a) those who will proceed to the usual academic degrees at the end of four years; (b) those who will enter professional schools after three or four years; (c) those who are preparing for teaching, scientific investigation, or both; and (d) those who will take less than a complete academic program.

An effort is made to show the student that there is an intangible worth to mathematics; that there is such a thing as mathematics as an art,

mathematics for its own sake, mathematics for the sheer joy of comparing, analyzing, and imagining.

**R. Algebra.**—A remedial algebra course for college students offered for those people who are not adequately prepared for college algebra but wish to become proficient enough in that field to complete the Math 11-12 sequence. The number systems, operations with signed numbers, word problems, factoring and fractions, linear equations, graphs, exponents, roots and radicals, quadratic equations. No college credit but will be counted as part of a normal load. Three class periods per week. Dr. Reynolds, Mr. Knox, Mr. Ritchie.

**11. College Algebra.**—The notion of functional relation in two real variables; the equation; simultaneous linear, quadratic; determinants. Elementary series. Mathematical induction, the binomial theorem, complex numbers, theory of equations. Permutations, combinations, probability. Logarithms; partial fractions. Three hours credit. Dr. Reynolds, Mr. Knox, Mr. Ritchie.

**12. Plane Trigonometry.**—Definitions of the trigonometric functions, properties, graphs, relations, identities, equations. Analysis. Solution of right and oblique triangles; logarithmic computation. Three hours credit. Dr. Reynolds, Mr. Knox, Mr. Ritchie.  
Prerequisite: Mathematics 11.

**21. Plane Analytic Geometry.**—Rectangular and polar coordinate systems. The straight line, circle, ellipse, parabola, hyperbola. Transformation and rotation of coordinates. The general equation of the second degree. Loci and higher plane curves. Three hours credit. Dr. Reynolds, Mr. Knox.  
Prerequisite: Mathematics 12.

**22. Solid Analytic Geometry.**—Rectangular coordinates in space, loci in space, lines, and planes. Surfaces and curves; the seventeen quadric surfaces. Transformations and matrices. Three hours credit. Mr. Knox.  
Prerequisite: Mathematics 21.

**31. Calculus I.**—The fundamental notions of limit, infinitesimal, infinity, continuity. Differentiation of algebraic and transcendental functions. Applications. Differentials, curvature. Theorem of mean value. Three hours credit. Dr. Reynolds.  
Prerequisite: Mathematics 21.

**32. Calculus II.**—Integration as an operation, integration as summation. The definite integral. Applications. Multiple integrals. Three hours credit. Dr. Reynolds.  
Prerequisite: Mathematics 31.

**41. Calculus III.**—Limits, continuity, infinitesimals, differentials, power series, partial and implicit differentiation, definite and line integrals. Three hours credit. Mr. Knox.  
Prerequisite: Mathematics 32.

**61. College Geometry.**—A triangle and its associated circles. Orthogonal circles and inverse points. Pole and polars. Coaxial circles. Isogonal

lines. Similitude. Inversion. Brocard's figures. LeMoine circles. Three hours credit. Mr. Ritchie.

Prerequisite: Mathematics 22 or 31.

*Offered in alternate years. Not offered in 1958-59.*

**72. Mathematical Theory of Statistics.**—An introduction to statistical methods. Frequency distributions and curves, the mean, dispersion, index numbers, moments, and correlation. Three hours credit. Mr. Knox.

Prerequisite: Mathematics 32.

*Offered on demand.*

**81. Differential Equations.**—A first course in differential equations of the first and second orders, with applications to geometry, physics, and mechanics. Three hours credit. Mr. Knox.

Prerequisite: Mathematics 32.

**82. Theory of Equations.**—Irrational numbers. Constructions. Algebraic solutions of the cubic and quartic equations. Symmetric functions of the roots. Determinants and matrices. Three hours credit. Mr. Ritchie.

Prerequisite: Mathematics 31.

**92. Modern Algebra.**—Congruences, groups, rings, ideals, isomorphisms, and homomorphisms, fields, equivalence. Three hours credit. Dr. Reynolds.

Prerequisite: Mathematics 32.

*Offered in alternate years, including 1958-59.*

**101. Synthetic Projective Geometry.**—One-to-one correspondence. Ideal elements. Primitive forms. Duality. Dimensionality. Cross-ratio. Poles and polars. Construction of conics. Three hours credit. Mr. Ritchie.

Prerequisite: Mathematics 31.

*Offered on demand.*

## II. ENGINEERING

The following courses are offered for pre-engineering students for the purpose of preparing them for a course of study in the many fields of Engineering.

**11. The Slide Rule.**—A method of efficient operation of the Duplex type slide rule in calculations. One hour credit. Dr. Reynolds.

**12. Engineering Orientation.**—Orientation for freshman engineering students. Lectures by faculty on correlation of college studies with engineering practice. One hour credit. Mr. Knox.

**22. Descriptive Geometry.**—Solution of problems of points, lines, planes, and surfaces of single and double curvature. Problems in intersections and developments. Three hours credit. Mr. Ritchie.

Prerequisite: Engineering 41-42.

**31-32. Analytic Mechanics.**—The first semester includes rectilinear and curvilinear motion of a particle and a rigid body, statics, centroids, moments of inertia, work and energy. Rotary motion, D'Alembert's principle, motion of a system of rigid bodies in space, and Euler's Equations

are covered the second semester. Three hours first semester, two hours second semester. Dr. Reynolds.  
Corequisite. Mathematics 31-32.

**41-42. Engineering Drafting.**—This basic course provides experience in the use of instruments, freehand lettering, dimensioning, orthographic projections, sections, isometric, and oblique drawing and perspective, working drawings, and standard conventions. It includes practice in freehand sketching and ink tracing. Two hours each semester. Mr. Ritchie.  
Corequisite: Mathematics 11-12.

## XII DEPARTMENT OF PHILOSOPHY

PROFESSOR FLEMING

ASSOCIATE PROFESSOR BERGMARK

The courses in philosophy are designed to help the student develop a critical attitude toward life and an appreciative understanding of life.

**11. Introduction to Philosophy.**—The course is designed to introduce the student to the field of philosophy, that he may learn how comprehensive the field is, and learn also how philosophy is related to life as it is lived from day to day. Three hours credit. Dr. Fleming.

**12. Ethics.**—A study of principles which should be used in the choosing of personal and social values. Three hours credit. Dr. Fleming.

**22. Logic.**—A study of the principles of valid reasoning, of how these principles are most commonly violated, and of how they can be applied to the problems of life. Three hours credit. Dr. Fleming, Mr. Bergmark.

**31. History of Philosophy.**—A survey of the development of philosophical thought to the Renaissance. Three hours credit. Dr. Fleming.

**32. History of Philosophy.**—A survey of the development of philosophical thought from the Renaissance to the present. Three hours credit. Dr. Fleming.

**41. Philosophy of Religion.**—A study of religious experience in its relation to the whole of life. Three hours credit. Mr. Bergmark.

**42. Metaphysics.**—A study of the basic categories of experience and reality. Three hours credit. Mr. Bergmark.

**51. Oriental Philosophy.**—A study of the philosophies of the East. Three hours credit. Dr. Fleming, Mr. Bergmark.

**52. American Philosophy.**—A study of the influences upon and the development of philosophical thought in America. Three hours credit. Mr. Bergmark.

**91. 92. Directed Study in Philosophy.**—Either semester. One, two, or three hours credit. Dr. Fleming, Mr. Bergmark.

### XIII DEPARTMENT OF PHYSICAL EDUCATION AND ATHLETICS

C. M. BARTLING, Director of Athletics and Physical Education

MARVIN G. SMITH, Assistant Director of Physical Education

MISS JEAN SAIN, Director of Women's Physical Education

The aim of the Department of Physical Education and Athletics is to promote physical, mental, social, and emotional development of college students through participation in situations, experiences, and activities. Mental and physical development is sought through muscular coordination, skill development, bodily and mental poise, release of tension and emotional strain. Social and moral development is encouraged through emphasizing the importance of cooperation, fair play, honesty, courtesy, self-control, self-direction, and unselfishness. Self-confidence, leadership, wholesome attitudes toward recreational activities, and a well-rounded personality are stressed.

#### COURSES FOR MEN

**11-12M. Basic Physical Training.**—The course is designed to condition the student and to give basic fundamentals in all seasonal sports. Two hours each week for the entire year. One hour extracurricular credit per semester. Mr. Bartling.

**71-72M. Theory of High School Coaching.**—Specialized course open only to men planning to enter high school coaching. This course is designed to prepare men to operate a full-scale high school athletic and physical education program. Three hours academic credit per semester. Mr. Bartling, Mr. Smith.

*Offered in alternate years. Not offered in 1958-59.*

**81-82M. Athletic Officiating for Men.**—Specialized course open only to male students interested in becoming athletic officials in football, basketball, and baseball. This course is a complete study of the rules, interpretations, administration, ethics, and mechanics of athletic officiating. Male students participating in this class will serve as officials in the boys' intramural league of athletics. Three hours academic credit per semester. Mr. Bartling, Mr. Smith.

*Offered in alternate years, including 1958-59.*

#### COURSES FOR WOMEN

**11-12W. Freshman Fundamentals.**—A general course required of all freshmen. The first semester is devoted to golf and team sports; the second semester is devoted to badminton and tennis. One hour extracurricular credit per semester. Miss Sain.

**21-22W. Golf (open to upperclassmen).**—Beginners' and advanced study of golf. One hour extracurricular credit per semester. Miss Sain.

**31-32W. Tennis and Badminton (open to upperclassmen).**—Beginners' and advanced study of tennis and badminton. One hour extracurricular credit per semester. Miss Sain.

## COURSES FOR BOTH MEN AND WOMEN

**41. Physical Education for the Elementary Grades.**—This course is designed primarily for those in the teaching profession. The characteristics of the elementary school child, activities suited to the physical and mental levels represented, facilities, and equipment are considered. Three hours academic credit per semester.

## XIV DEPARTMENT OF PHYSICS AND ASTRONOMY

EMERITUS PROFESSOR HARRELL  
ASSOCIATE PROFESSOR GALLOWAY

The courses in General Physics and General Astronomy are concerned largely with the fundamental facts, laws, and theories. These beginning courses serve as terminal courses for those students taking only one year of the subject and also lay an adequate foundation for subsequent study.

The courses in Physics following the elementary course deal with the various divisions of Physics and are arranged to meet the needs of (1) those planning to major in the field of Physics, (2) those majoring in related fields such as Chemistry, Geology, or Biology, and (3) those planning to enter medical, dental, or graduate schools.

## Physics

Physics 11-12 or 11A-12A is prerequisite for all other courses in Physics.

**11. General Physics.**—An elementary treatment of mechanics, heat, and sound. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

**12. General Physics.**—An elementary treatment of magnetism, electricity, and light. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

**11A. General Physics.**—A more detailed treatment of mechanics, heat, and sound than provided in Physics 11. Three lectures and one laboratory period per week. Four hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

**12A. General Physics.**—A more detailed treatment of magnetism, electricity, and light than provided in Physics 12. Three lectures and one laboratory period per week. Four hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12.

**21-22.—General Physics Laboratory.**—A laboratory course designed to accompany either Physics 11-12 or Physics 11A-12A to provide additional laboratory work to meet the needs of those students who expect to enter graduate or professional schools. One laboratory period per week. Two hours credit. Mr. Galloway.

**31. Problems in Intermediate General Physics.**—An intermediate problem course dealing with the properties of matter, mechanics, heat, sound, electricity and light. Three hours credit. Mr. Galloway.

**32. Modern Physics.**—An introductory course in Modern Physics. Three lecture periods per week. Three hours credit. Mr. Galloway.

Prerequisite: Ten semester hours of Physics (or consent of instructor).

Prerequisite or corequisite: Chemistry 21-22.

**41. Mechanics and Heat.**—A further study of mechanics and heat with special attention given to thermodynamics, calorimetry, and the kinetic theory of gases. The laboratory work will be devoted, in part, to the determination of the fuel values of different fuels. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

*Offered in alternate years, including 1958-59.*

**42. Light.**—This course treats of the principles and laws of reflection, refraction, interference, polarization, and color phenomena. Two lectures and one laboratory period per week. Three hours credit. Mr. Galloway.

*Offered in alternate years, including 1958-59.*

**51. Electricity.**—A study of electrical measuring instruments and their use in actual measurements, power stations and the distribution of power, lighting, and heating. Two lectures and one laboratory period. Three hours credit. Mr. Galloway.

*Offered in alternate years. Not offered in 1958-59.*

**52. Electricity.**—This course is devoted to a study of the vacuum tube and the fundamentals of radio communication. Two lectures and one laboratory period. Three hours credit. Mr. Galloway.

*Offered in alternate years. Not offered in 1958-59.*

**61-62. Special Problems.**—A laboratory course designed to give the student opportunity to do work on problems in which he has developed a special interest. One to three hours credit per semester. Mr. Galloway.

Prerequisite: Permission of the instructor.

**81. Photography.**—A study of developing, printing, enlarging, and lantern slides. One laboratory period per week. One hour credit. Mr. Galloway.

*Offered during the summer session.*

### Astronomy

**11-12. General Astronomy.**—This course is devoted to a study of the earth, moon, time, the constellations, the solar system, the planets, comets, meteors, the sun, the development of the solar system, and the sidereal universe. Two lectures and one observatory period. Six hours credit. Mr. Galloway.

Prerequisite or corequisite: Mathematics 11-12 and Physics 11-12 (or Physics 11A-12A).

**21-22. Practical Astronomy.**—This course covers the subject of spherical astronomy and the theory of astronomical instruments with exercises in making and reducing observations. One lecture and one double laboratory period per week. Six hours credit. Mr. Galloway.

Prerequisite: Astronomy 11-12 and permission of the instructor.

*Offered in alternate years. Not offered in 1958-59.*

## XV DEPARTMENT OF POLITICAL SCIENCE

PROFESSOR MANLEY

PROFESSOR MOORE

ASSOCIATE PROFESSOR WALLS

The general objective of the Department of Political Science is to acquaint students with the theory and practice of government at the local, state, national, and international levels. Primary attention is focused upon the American political and administrative system. The student's attention is also directed to the problems encountered in international organization, politics and law. The development of political theories from Plato to the present day is an essential part of the department's course offerings. Methods of study include the descriptive, the historical, the legal, the comparative and the philosophical.

Directing its effort to an intelligent understanding of the contemporary world and of the responsibilities which are laid upon citizens of a democracy, the Department of Political Science shares the general objectives of a liberal arts education. While the department does not aim at vocational education, the knowledge it seeks to impart should be useful to anyone contemplating a career in the government service, law or politics.

**21. American Government.**—An introduction to the American system of government, including a study of the Constitutional basis of our government, federal-state relations, political parties and politics, and of each of the great powers of our national government—legislative, executive, and judicial. Three hours credit. Dr. Manley.

**22. State and Local Government.**—A study of state and local governments, their present organizations and subdivisions, and their relation to each other. Special attention is given to the government and administration in Mississippi. Three hours credit. Dr. Manley.

**32. Public Administration.**—A study of the nature, scope, and development of the American administrative system, the theory or organization, staff and auxiliary agencies, the chief executive, administrative departments, independent regulatory agencies, government corporations, administrative relationships, science in administration, and recent reorganization plans. Three hours credit. Dr. Manley.

Prerequisite: Political Science 21.

*Offered on demand.*

**42. Public Finance.**—Same as Economics 42. Mr. Walls.

**51-52. Problems in Modern History.**—Same as History 51-52. Dr. Moore.  
Prerequisite: History 11-12.

**61. Comparative Government—The Democracies.**—A comparative study of modern political institutions with particular attention to European constitutional government and politics. Three hours credit. Dr. Manley.  
*Offered in alternate years. Not offered in 1958-59.*

**62. Comparative Government—The Dictatorships.**—A comparative study of modern political institutions with particular attention to Euro-

pean authoritarian and dictatorial government and politics. Three hours credit. Dr. Manley.

*Offered in alternate years. Not offered in 1958-59.*

**72. American Political Parties.**—A study of the historical development, organization, and methods of political parties in the United States. Three hours credit. Dr. Manley.

*Offered in alternate years, including 1958-59.*

**81. International Public Organization.**—A study of the structure and functioning of the United Nations organs, of related specialized agencies such as the organizations of American States. Three hours credit. Dr. Manley.

*Offered on demand.*

**82. International Law.**—Elements of international law, particularly as interpreted and supplied by the United States; rights and duties of states with respect to recognition, state territories and jurisdiction, nationality, diplomatic and consular relations, treaties, treatment of aliens, pacific settlement of disputes, international regulation of the use of force and collective security. Three hours credit. Dr. Manley.

*Offered in alternate years, including 1958-59.*

**101. Political Thought to the Seventeenth Century.**—A survey from the time of Plato to the close of the seventeenth century; Graeco-Roman, Patristic and Germanic thought; individualism and cosmopolitanism; effect of the Church-State controversy and the conciliar movement; medieval constitutionalism; legislative sovereignty. Three hours credit. Dr. Manley.

*Offered in alternate years, including 1958-59.*

**102. Modern Political Theory.**—An historical survey and philosophical analysis of political theory from the beginning of the seventeenth to the middle of the nineteenth century. Attention is given to the rise of liberalism, the Age of Enlightenment, the romantic and conservative reaction, idealism and utilitarianism. Three hours credit. Dr. Manley.

*Offered in alternate years, including 1958-59.*

## XVIII DEPARTMENT OF ROMANCE LANGUAGES

EMERITUS PROFESSOR SANDERS

ASSOCIATE PROFESSOR CRAIG      ASSISTANT PROFESSOR HEDER  
MRS. EZELLE

This department offers courses in French and Spanish. The preparatory course (Course A) in each language is equivalent to two high school units.

A student is not permitted to enter courses 11 and 12 in French and Spanish until both semesters of the A course or the equivalent have been satisfactorily completed. Likewise a student will not be admitted to courses 21 and 22 in French or Spanish until 11 and 12 have been completed. Under no condition will a student be permitted to begin French and Spanish the same year.

A student should consult the professors in charge before planning to take more than two modern languages. Any course not already counted may be used as a junior or senior elective. Credit is not given on one semester of the preparatory course as an elective, however, unless the other semester is completed.

### FRENCH

**Prerequisite:** Spanish A1-A2.

**61-62. Survey of Spanish-American Literature.**—A brief outline of the literature of the Spanish-American countries with attention to historical and cultural backgrounds. The first semester deals with the literature of the colonial and revolutionary periods. The second semester treats the literature from the second third of the nineteenth century to the present. Six hours credit. Mrs. Hederi.

**Prerequisite:** Spanish 11-12.

## XIX DEPARTMENT OF SOCIOLOGY

PROFESSOR MADDOX

PROFESSOR LEVANWAY

ASSISTANT PROFESSOR McCRACKEN

MISS JENNINGS

The offerings of the Department of Sociology are planned to meet the needs of a variety of students. The general student may find here knowledge about human group relationships which will be useful to him as person, parent, citizen, or worker. Other students will find courses which offer essential background for a career in social work. The Department also offers the basic undergraduate courses which are needed as a foundation for specialized graduate study of Sociology.

- 11. Introduction to Sociology.**—A survey of the field of sociology with special attention given to existing knowledge about social interaction, to basic concepts useful in the analysis of social interaction and to the application of these concepts in the analysis of social interaction. Three hours credit. Staff.
- 12. Modern American Society.**—A course at the introductory level devoted to analyzing the structure and organization of the social system in the United States. It is helpful, but not necessary, for the student to have had Sociology 11. Three hours credit. Miss Jennings.
- 41. Social Psychology.**—Same as Psychology 41.  
Prerequisite: Sociology 11.
- 51. American Communities.**—A study of the ecological, demographic, and institutional characteristics of communities in the United States. Attention is given to the analysis of social structure and organization in urban environments. Three hours credit. Miss Jennings.  
Prerequisite: Sociology 11.
- 52. Marriage and the Family.**—A study of marriage and kinship in the United States with special attention given to preparation for marriage and for adjustment to family living. An audio-visual program is an integral part of this course. A seminar in addition to regular course work is provided for sociology and psychology majors. Three hours credit. Dr. Maddox.  
Prerequisite: Junior standing or consent of the instructor.
- 61. Introduction to Social Anthropology.**—A study of the cultural and social origins of mankind and a comparison of major social institutions found in selected societies around the world. Three hours credit. Dr. Maddox.
- 72. Industrial Sociology.**—A study of work, workers and the social groups that affect work behavior. Attention is given to the social organization of work plants and the interrelationships of industry, community, and society. Three hours credit. Dr. Maddox.  
Prerequisite: Sociology 11.
- 81. Deviancy, Delinquency, and Criminality.**—A study of social deviancy with special attention given to juvenile delinquency and crime, methods of control, and the rehabilitation of deviants. Three hours credit. Miss Jennings.  
Prerequisite: Sociology 11.
- 91. American Minorities.**—A study of the ethnic composition of the population of the United States and of social interaction characteristic of dominant and minority groups in various regions. Three hours credit. Dr. Maddox.  
Prerequisite: Sociology 11 or 61.
- 101. Social Stratification.**—A study of the literature, theories, and empirical research pertaining to social stratification in the United States. Three hours credit. Dr. Maddox.  
Prerequisite: Consent of the instructor.

**121. An Introduction to Social Work.**—A study designed to give the student a broad view of the fields of social work and the social worker as a professional. Attention will be given to the history of social work and social work organization. Field trips will bring the student into contact with a wide range of social work agencies and with social workers. The course is especially recommended for the sophomore student who is exploring an interest in social work as a profession. Three hours credit. Miss Jennings.

Prerequisite: Sociology 11 or Psychology 11.

**131. Public Opinion.**—A study of the formation of social significance of and techniques for the analysis of public opinion. Attention is given to the application of information and techniques of analysis to special areas of interest in the various social sciences, such as advertising, vote analysis, and collective behavior. Three hours credit. Miss Jennings.

Prerequisite: Sociology 11 or Psychology 11.

**141. Experimental Social Psychology.**—A course designed for the advanced social science student who wishes to explore some of the research applications of social psychological theory. Each student performs one or more experiments with research problems which have some relevance for social interaction. Two lectures and one laboratory each week. Three hours credit. Staff.

Prerequisite: Sociology 41 or Psychology 41.

**151. Rural Sociology.**—A study of contemporary rural social systems in the United States with attention given to rural-urban comparisons and to an analysis of social change. Field work in a nearby community will constitute an important portion of the course. Three hours credit. Staff.

Prerequisite: Sociology 11 or consent of instructor.

**201. Seminar in Social Research Methods.**—A schedule of readings, field work, reports, and discussion designed to acquaint the sociology major with social research methodology, techniques, and procedures. One to three hours credit. Dr. Maddox and Miss Jennings.

MILLSAPS-WILSON LIBRARY

## GRADES, HONORS, CLASS STANDING GRADING SYSTEM

The grade of the student in any class is determined by the combined class standing and the result of a written examination. The examination grade is counted as approximately one-third of the grade for the semester.

"A" represents superior work.

"B" represents above the average achievement in the regularly prescribed work.

"C" represents an average level of achievement in the regularly prescribed work.

"D" represents a level of achievement in the regularly prescribed work of the class below the average in the same relationship as the grade of "B" is above the average.

"E" represents a condition and is changed to a "D" if the grade in the other semester of the course is "C" or above, providing that the "E" precedes the higher grade on the student's record.

"F" represents failure to do the regularly prescribed work of the class. All marks of "D" and above are passing marks and "F" represents failure.

"WP" indicates that the student has withdrawn from the course while passing, and "WF" means that he has withdrawn while failing.

"I" indicates that the work is incomplete and is changed to "F" if the work is not completed by the end of the following semester.

### QUALITY POINTS

The completion of any academic course with a grade of "C" shall entitle a student to one quality point for each semester hour, the completion of a course with a grade of "B" for the semester shall entitle a student to two quality points for each semester hour, and the completion of a course with the grade of "A" for the semester shall entitle a student to three quality points for each semester hour.

### CLASS STANDING OF STUDENTS

The following number of hours and quality points is required:

For sophomore rating ..... 24 hours; 12 quality points

For junior rating ..... 52 hours; 36 quality points

For senior rating ..... 90 hours; 72 quality points

For graduation ..... 128 hours; 120 quality points

A student's classification for the entire year is on the basis of his status at the beginning of the fall semester.

### HONORS AT GRADUATION

In determining honors and high honors, and all other awards based on scholarship, a quality index is arrived at by dividing the number of quality points by the number of academic hours taken.

A student whose quality point index is 2.0 for his entire course shall be graduated with Honors; one whose quality point index is 2.7 and who has a rating of excellent on comprehensive examination shall be graduated with High Honors.

To be eligible for Honors or High Honors, a student must have passed at least sixty semester hours in Millsaps College. Honors or High Honors may be refused a student who, in the judgment of the faculty, has forfeited his right.

In determining eligibility for Honors or High Honors in the case of students who have not done all their college work at Millsaps, the quality points earned on the basis of grades made at other institutions will be considered, but the student will be considered eligible only if he has the required index both on the work done at Millsaps and on his college courses as a whole.

#### DEAN'S HONOR LIST

Those meeting the following requirements are honored by inclusion on the Dean's List:

1. Scholarship:

- (a) The student must carry not less than twelve academic hours during the semester on which the scholastic average is based;
- (b) The student must have a quality point average for the preceding semester of 2.00;
- (c) The student must have no mark lower than a C for the preceding semester.

2. Conduct:

The student must be, in the judgment of the deans, a good citizen of the college community.

#### REPORTS

Reports are sent at the close of each nine weeks to the parent or guardian of each student. These reports indicate, as nearly as practicable, the nature of the progress made by the student in his work at the college.

#### HOURS PERMITTED

Fifteen academic semester hours is considered the normal load per semester.

No student may take more than seventeen semester hours of academic work unless he has a quality index of 1.5 on the latest previous college term or semester. No student may take more than nineteen semester hours of academic work unless he has a quality point index of 2.00 on the latest previous college term or semester and obtains permission from the Dean. No student may receive credit for more than twenty-one hours in a semester under any circumstances.

Freshmen in the lowest classification group will not be allowed to take more than twelve semester hours of academic work in their first semester except by special permission of the Dean.

Any student who is permitted to take more than seventeen semester hours of work will be required to pay at the rate of \$7.50 for each additional semester hour over seventeen.

## ADMINISTRATIVE REGULATIONS

## CLASS ATTENDANCE

A student who has not been placed on either academic or attendance probation has the privilege of being absent from classes on occasions which necessitate such absences. The intent of this privilege is that students with good academic standing are expected to be prompt and regular in attendance, but do not have to secure the approval of the Dean for each absence incurred. The specific regulations pertaining to students in this classification are as follows:

All students are expected to be regular and prompt in their attendance upon classes. Each student is, therefore, required to accept full responsibility for his own class attendance. If a student is absent from a class four times without an explanation to the Dean, he will be placed on attendance probation.

At the discretion of the faculty, special attendance privileges may be granted to those students who are on the Dean's List.

All students are required to attend classes on the two days immediately preceding and those immediately following a regularly scheduled vacation period. The following regulations apply:

- a. Students absent on such days will be placed on attendance probation.
- b. In order to be removed from this attendance probation, a student must submit a written statement concerning his absence to the Dean, accompanied by a written statement from a physician to certify that the student was sufficiently ill to be unable to attend his classes.
- c. Absences from classes on these days for any other reason than certified illness may be approved only by action of the Administrative Committee or by vote of the faculty of the college.

## ABSENCE FROM TESTS AND EXAMINATIONS

If a student is absent from an assigned test, he must obtain written permission from the Dean in order to take a make-up test. The request for this permission must be submitted in writing to the Dean within one week after the student returns to classes.

The following regulations apply to examinations:

- a. An absence from a final examination may be excused by the Dean only on the basis of illness on the day of the examination. This illness must be certified by a written statement by a physician to the effect that the student was sufficiently ill to be unable to attend the examination.
- b. Absences from an examination due to dire emergencies other than illness may be excused only by action of the Administrative Committee of the college or by vote of the faculty acting upon written request.

- c. Students missing examinations must submit their written excuses within two weeks of the absence. The special examination, if granted, must be held within the first six weeks of the subsequent semester.

### CHAPEL ATTENDANCE

Regular chapel attendance is required of all students one day each week. Any student who is absent from chapel three or more times in one semester will be required to offer a written explanation of his absence to the Dean. If this explanation is not satisfactory, the student will be placed on probation, and a penalty of hours and quality points may be imposed.

### PROBATION

Probation is defined as follows:

#### Academic Probation:—

Students who pass enough work to remain in college but make in any semester a quality index of less than 0.5 will be placed on probation.

#### Attendance Probation:—

- a. Upon the recommendation of the instructor involved, a student may be placed on probation in a course in which his irregular attendance endangers his academic standing in the course. Probationary rules apply to such a student only in the course in which he is reported as being on attendance probation.
- b. Any student who is absent from any class for four consecutive times without satisfactory explanation to the Dean will be placed on attendance probation by the Dean.

#### Disciplinary Probation:—

Students guilty of serious infractions of the regulations of the college may at the discretion of the appropriate dean or faculty committee be placed on disciplinary probation. Probationary attendance regulations will apply for such a student in all courses in which he is enrolled.

Attendance regulations for probationary students are as follows:

- a. All excuses for absences are issued by the Dean.
- b. If an absence is necessary, the probationary student is urged to confer with the Dean before missing class. In case of an emergency where it is not feasible to see the Dean before the absence, the student should bring a written excuse to the Dean within one week after returning to classes.
- c. Excuses for absences due to illness should be supported by signed statements of the physician or the nurse in attendance.

- d. Penalties for unexcused absences will normally take the form of deductions of hours and quality points earned by the student at Millsaps College according to the following formula:

Classes of fifty-minutes duration:

Unexcused

absences

Penalty

3	One credit hour and one quality point
5	Two credit hours and two quality points
8	Three credit hours and three quality points
11	Four credit hours and four quality points

For each additional three absences there is a penalty of one additional credit hour and one quality point.

Classes or independent laboratory courses of seventy-five minutes or longer duration:

Unexcused

absences

Penalty

2	One credit hour and one quality point
3	Two credit hours and two quality points
5	Three credit hours and three quality points
7	Four credit hours and four quality points

For each additional two absences there is a penalty of one additional credit hour and one quality point.

Students who are on probation may be removed by making a 1.00 quality point index during a regular semester or during a summer session at Millsaps College in which the student is enrolled for at least twelve hours credit. A student is asked not to re-enroll at Millsaps College if he is on academic probation more than two semesters during his college program.

#### SENIOR EXEMPTIONS

Seniors may be exempt from final examinations in all subjects in which they have maintained a grade of C. These exemptions are allowed only at the end of the semester in which they take the comprehensive examination for graduation. It shall be understood, however, that this exemption does not insure the student a final grade of C, since daily grades during the last two weeks shall count in the final average. Under no circumstances may a student be exempt from any examination in more than one term or semester.

Students may be exempt from final examinations only in the semester in which they take their comprehensive, scholastic requirements being met.

#### CHANGE OF SCHEDULE

A student cannot change classes or drop classes or take up new classes except by the consent of the Dean, his faculty adviser, and all faculty members concerned. Courses dropped within the first two weeks of a semester do not appear on the student's record. Courses dropped after the first two weeks and before the middle of a semester are recorded as WP (withdrawn passing) or WF (withdrawn failing). Courses dropped after the middle of a semester are recorded as failures. If a student drops

a course at any time without securing the required approvals, he receives an F in that course and is subject to further disciplinary action.

#### WITHDRAWAL

A student desiring to withdraw from college within any term must obtain permission from the Dean of the college. A withdrawal card must be filled out and must be approved by the Dean or the Registrar. No refund will be considered unless this written notice is procured and presented to the Business Office.

Refunds upon withdrawals will be made only as outlined elsewhere in this catalog under the heading of "Financial Regulations."

A student who withdraws from college with permission after the first two weeks of a semester is recorded as WP (withdrawn passing) or WF (withdrawn failing) in each course. A student who withdraws without permission receives a grade of F in each course.

Enforced withdrawal is inflicted by the faculty for habitual delinquency in class, habitual idleness, or any other fault which prevents the student from fulfilling the purpose for which he should have come to college.

The college reserves the right to cancel the registration of any student at any time. In such a case, the pro rata portion of tuition will be returned, except that students withdrawing under discipline forfeit the right to a refund for any charges.

No student who withdraws from college for whatever reason is entitled to a report card or to a transcript of credits until he shall have settled his account in the Business Office.

#### AUTOMATIC EXCLUSION

To remain in college a freshman must pass in the first semester six hours of academic work.

After the first half year a student must pass at least nine hours of academic work each semester to continue in college.

The maximum number of semesters a student may be on academic probation without automatic exclusion is two.

Students who are requested not to re-enter because of academic failure may petition in writing for readmission, but such petition will not be granted unless convincing evidence is presented that the failure was due to unusual causes of a non-recurring nature and that the student will maintain a satisfactory record during the subsequent semester.

#### CONDUCT

The rules of the college require from every student decorous, sober, and upright conduct as long as he remains a member of the college, whether he be within its precincts or not. Because Millsaps students are well-known for their exemplary conduct, there are few stated restrictions.

Secret marriages, gambling, and use or possession of beverage alcohol are violations of college policy. Additional policies relative to the conduct of students are found in the handbook. Students are expected to familiarize themselves with these regulations, since they are accountable for observance of them.

Part V

Campus Activities

THE STUDENT UNION BUILDING

## RELIGIOUS ACTIVITIES

Millsaps College, as an institution of the Methodist Church, seeks to be a genuinely Christian college. The faculty is made up of scholars who are Christians striving to fulfill the highest ideals of personal devotion and of community citizenship. The religious life of the college centers around the churches of Jackson and the campus religious program.

Each week the administration, the faculty, and the students come together for a chapel service in the Christian Center. This is a formal worship service. Each Sunday morning the Holy Communion is administered for the college community.

The Christian Council is a student group made up of representatives from all the religious groups on the campus. The Director of Religious Life serves as counselor for the group. Many denominations are represented in the student body. Each is given the opportunity to organize a group and given a time to meet. The YWCA and the YMCA are given the opportunity to organize and promote an interdenominational program.

Students preparing for the Christian ministry may join the Ministerial League, which provides programs and field work appropriate to the needs of students interested in Christian life work. Through its activities, the league provides opportunity for Christian service for its members and contributes much to the religious life of the campus, to the local churches, and to such institutions as the Methodist Children's Home and the local hospitals.

A similar organization for young women going into full-time Christian work is the Women Christian Workers. Their program and activities also provide opportunity for worship and Christian service on and off the campus.

There are other opportunities for worship such as morning watch, evening vespers, and organized prayer groups in the dormitories. These services provide opportunity for participation by all students. The worship services are planned by the students themselves.

There are periods of special emphasis on religion, such as Pre-Easter services and Religious Emphasis Week. The annual Religious Emphasis Week is sponsored by all the religious groups of the campus, functioning through the Christian Council working with the Religious Activities Committee of the faculty. For this week some outstanding religious leader, familiar with student life and problems, addresses the student body and various groups of students and professors and is available for private conference with individuals. Other discussion group leaders are brought in to participate in this program. This series has been enriched through the J. Lloyd Decell Lecture Foundation. Speakers of recent years have included Dr. W. A. Smart, Dr. Marshall Steel, Dr. W. B. Selah, Dr. Mack Stokes, Dr. Henry Hitt Crane, Dr. D. Elton Trueblood, Dr. George Baker, Dr. George Buttrick, Bishop John Wesley Lord, Dr. W. J. Cunningham, Dr. Peter Bertocci, Dr. W. C. Newman, and Dr. Marjorie Reeves.

All administrators and faculty members consider it part of their responsibility to counsel with students about their religious life. This helps the student come to a mature interpretation of the total life experience. Religion is considered a very necessary factor in this maturing process.

The Town and Country teacher offers courses in the Religion Department bearing on the opportunities and responsibilities of the parish ministry. This teacher counsels with those students holding churches and those preparing to go into the active ministry. He helps them in setting up adequate programs in their parishes. He is interested also in the lay student who wishes to prepare better for active work in the church as a layman.

Through the religious groups on the campus the students are encouraged to participate in the program of the Youth Fellowship in local churches. They are also encouraged to attend important conferences, assemblies, and camps. Students also work on Youth Caravans and help in Vacation Church Schools in the summer months.

Millsaps campus has become a conference center. Such groups as the Christian Vocation Conference and the Methodist Student Movement meet here from time to time. These groups bring religious leaders and young people to the campus. Campus students take advantage of such programs.

## ATHLETICS

The athletic policy of Millsaps College is based on the premise that athletics exist for the benefit of the students and not primarily to enhance the prestige and publicity of the college.

It is believed that competitive sports, conducted in an atmosphere of good sportsmanship and fair play, can make a significant contribution, in the same way as other student activities, to the complete physical, emotional, moral, and mental development of the well-rounded individual and that they are thus an integral part of a program of liberal education. Toward this end, an attempt is made to provide a sports-for-all program and to encourage as many students as possible to participate in some form of intramural or intercollegiate athletic competition.

The entire program is under the supervision of the Faculty Committee on Athletics. Specific policies are as follows:

### A. Intramural Athletics

1. The program for men provides competition among campus organizations in speedball, basketball, volleyball, softball, tennis, and golf. Rules are made and administered by the Intramural Council, composed of student representatives with the Director of Athletics and a member of the Faculty Committee on Athletics as ex-officio members, subject to the approval of this committee. A student who participates in one-half of the scheduled contests of his intramural

team in two major sports or one major and one minor sport shall receive one semester hour of extracurricular credit in Physical Education for the academic year.

2. The program for women is administered by a faculty Director, assisted by the Majorette Club, whose student members head the teams that compete in such sports as badminton, volleyball, tennis, basketball, and softball. Election to this club provides recognition for athletic participation.

#### **B. Intercollegiate Athletics**

1. The program for men includes football, basketball, baseball, tennis, and a limited program in golf. There is no intercollegiate program for women.
2. The program is conducted on a purely amateur basis. This means specifically:
  - a. No athletic scholarships are given, and athletes are not subsidized in any way.
  - b. There is no discrimination for or against athletes in the awarding of scholarships and other regular financial aid given by the college to worthy students as described in the college catalog.
  - c. All such aid is administered by the Faculty Awards Committee. Athletic ability is not a factor in such awards, and no one is granted or denied aid because of athletic ability or participation.
  - d. No student is required to participate in athletics as a condition for receiving or retaining any scholarship or other financial aid.
  - e. No student who takes pay from any source or in any form for participation in intercollegiate athletics is eligible.
  - f. No student who has participated in organized professional sports is eligible.
  - g. No student may participate for more than four seasons in any sport, including participation in junior colleges or other senior colleges which the student may have attended.
3. Only regularly enrolled full-time students are eligible for intercollegiate competition.
4. Those who participate in intercollegiate athletics are required to observe and maintain the same academic standards as other students.
5. In scheduling games, preference is given first to members of the athletic conference to which Millsaps belongs, and second to other colleges that conduct an athletic program on an amateur basis similar to that at Millsaps. When necessary to secure an adequate schedule, games are played with schools that operate a subsidized program on a frank and open basis. Games are not scheduled with schools that attempt to conceal subsidization of athletes while professing amateurism.

#### **C. Athletic Facilities.**

1. The gymnasium provides a large playing floor for volleyball and basketball. It has dressing rooms for all teams, a room for visiting teams, trainer's room complete with equipment for injuries, a club

room for wearers of the "M", a class room, and shower and locker rooms for girls. The gymnasium has become the center of activities for the students.

2. The baseball diamond, separate from the football field, is also used as the intramural football field. There are also softball diamonds.
3. Three tennis courts have been constructed near the gymnasium.
4. A very fine nine-hole golf course is available for use by all students.

## SOCIAL ORGANIZATIONS

Social events play an important part in student life at Millsaps. The social organizations are founded on the belief that man is a social being and enjoys fellowship. They strive for high ideals and make a valuable contribution to the college and the individual in teaching students to live together.

There are four fraternities, four sororities, and a women's independent group at Millsaps. The fraternities and sororities are all members of well-established national Greek-letter organizations which maintain chapters at Millsaps. The independent group is a member of the National Independent Student Association.

The sororities are Beta Sigma Omicron, Chi Omega, Kappa Delta, and Phi Mu.

The fraternities are Kappa Alpha, Kappa Sigma, Lambda Chi Alpha, and Pi Kappa Alpha.

The women's independent group is the Vikings.

Any student who desires to join the National Independent Student Association should indicate this desire to the officers of Vikings. Students not members of a sorority are eligible for membership.

Fraternities and sororities select students for membership during a week of school known as Rush Week. At the end of Rush Week these organizations offer "bids" to the students whom they have selected. Eligibility for membership in fraternities and sororities is governed by the following regulations:

### A. General Conditions

1. Only bona fide regular students (carrying at least 12 academic hours) may be pledged to a sorority or fraternity.
2. Only persons who are bona fide students of Millsaps at initiation time can be initiated into a sorority or fraternity, except by permission of the Social Organizations Committee.
3. A student must wait one week after his official registration before pledging to a sorority or fraternity.
4. Each social organization shall secure a letter of scholastic eligibility of its prospective initiates from the Registrar prior to the initiation ceremonies.

**B. Scholastic Requirements**

1. To be eligible for initiation into a sorority or fraternity, a student must have earned in his most recent semester of residence as many as twelve quality points, and in the same semester as many as twelve semester hours of academic credit, and must not have fallen below D in more than one subject.
2. A student who drops a course after the end of the half semester shall receive an F for sorority or fraternity purposes as well as for academic averages.
3. The two terms of summer school combined shall count as one semester for sorority or fraternity purposes.

**HONOR SOCIETIES****Eta Sigma Phi**

Eta Sigma Phi is a national honor fraternity, recognizing ability in classical studies. Alpha Phi, the Millsaps chapter, was founded in December, 1935.

**Pi Kappa Delta**

The Millsaps chapter of Pi Kappa Delta offers membership to those who have given distinguished service in debating, oratory, or extemporaneous public speaking.

**Chi Delta**

Chi Delta is a local honorary literary society fostering creative writing among the women students at Millsaps. Membership includes women members of the faculty and student body who are interested in writing.

**Kit Kat**

Kit Kat is a literary fraternity with a selected membership of men students and faculty members who have literary ambition and ability. Monthly programs consist of original papers read by the members and criticized by the group.

**Omicron Delta Kappa**

Omicron Delta Kappa is a men's leadership fraternity with chapters in principal colleges and universities. Pi Circle at Millsaps brings together those members of the student body and faculty most interested in campus activities, together with a limited number of alumni and supporters who plan for the betterment of the college. Membership in Omicron Delta Kappa is a distinct honor.

**Alpha Epsilon Delta**

Alpha Epsilon Delta is an honorary pre-medical fraternity, founded at the University of Alabama in 1926. Its purpose is to promote the interests of pre-medical students. Leadership, scholarship, expertness, character, and personality are the qualities by which students are judged for membership. Alpha Epsilon Delta strives to bridge the gap between pre-medical and medical schools.

### **Alpha Phi Omega**

Alpha Phi Omega is a national service fraternity. Its membership consists of college students and faculty members who are or have been members of the Boy Scout movement and who are assembled to promote service to the campus and the community.

### **Alpha Psi Omega**

Effective participation in The Millsaps Players earns membership in Alpha Psi Omega, national honorary dramatic fraternity. This participation may be in acting, directing, make-up, stage management, business management, costuming, lighting, or publicity. Each year the name of the outstanding graduating senior member of the organization is engraved on a trophy, which is kept in the college trophy case.

### **Sigma Lambda**

Sigma Lambda is an honorary women's sorority recognizing leadership and sponsoring the best interests of college life. Sigma Lambda membership is a distinct honor. Invitation to the group is based upon points gained through active leadership in certain campus organizations and must be with the unanimous vote of the regular members.

### **Kappa Delta Epsilon**

Kappa Delta Epsilon, a professional education sorority, promotes the cause of education by fostering high scholastic standing and professional ideals among those preparing for the teaching profession.

### **Theta Nu Sigma**

With the purpose of furthering general interest in the sciences, Theta Nu Sigma membership is offered to second semester sophomores, juniors, and seniors who are majoring in one of the natural sciences and who fulfill certain other qualifications.

### **Pi Delta Phi**

Pi Delta Phi is a national French honor society which recognizes attainment and scholarship in the study of the French language and literature. Its purpose is to honor those students majoring or having earned a minimum of eighteen semester hours in French who have also a high scholastic average in all subjects, and who have shown special interest in things concerning France. Honorary members are chosen from among the faculty, alumni, and townspeople who have also interests in French culture.

### **Psi Delta Chi**

Psi Delta Chi is a local honorary recognizing both interest and ability in the social sciences. Although honorary status is reserved for students of demonstrated ability, active membership is open to all interested students.

### **Eta Sigma**

Eta Sigma, scholastic honorary, was founded at Millsaps during the 1920's but became dormant toward the end of World War II because of limited civilian enrollment. Eta Sigma was re-established on Millsaps Campus in 1957.

## OTHER STUDENT ORGANIZATIONS AND ACTIVITIES

### STUDENT ASSOCIATION

The Millsaps Student Association is governed by the Student Senate and officers elected by the student body. The president, vice-president, secretary, and treasurer are elected annually from the student body. Members of the Student Senate are chosen by the groups which they represent.

Meetings of the Student Senate are held weekly, with other meetings called when the student body president considers them necessary. All members of the student body automatically become members of the Student Association.

The duties and functions of the Student Senate are to act in the administration of student affairs, to cooperate with the administration in the orientation program of the college, to apportion the student activities fee, to maintain understanding between students and faculty, and to work for the benefit of the student body and for the progress of the college.

### THE PURPLE AND WHITE

A working laboratory for students with journalistic interests is furnished in *The Purple and White*, weekly Millsaps student publication. Active staff work earns extracurricular college credit.

### THE BOBASHELA

The *Bobashela* is the annual student publication of Millsaps College, attempting to give a comprehensive view of campus life. The 1958 edition is the fifty-second volume of this Millsaps book. (*Bobashela* is a Choctaw Indian name for "good friend.")

### THE STYLUS

Through *Stylus*, the college literary magazine, students interested in creative writing are given an opportunity to see their work in print. The publication comes out twice each year and contains the best poetry, short stories, and essays submitted by Millsaps students.

### THE MILLSAPS PLAYERS

The dramatic club of the college is The Millsaps Players, which presents three three-act plays and three one-act plays each year. Major productions for the 1957-58 session were "Tiger at the Gates" by Jean Giraudoux, "The Teahouse of the August Moon" by John Patrick, and the musical "Kismet." "Summer and Smoke" by Tennessee Williams was produced in-the-round in the old Galloway Cafeteria. The Millsaps Players Acting Awards are presented to the boy and girl who are judged to have given the best performances in any one of the major productions. The Junior Acting Award is presented to the boy or girl who gives the best performance in one of the one-act plays. The Jackson Little Theatre Award goes to the student who has done the most outstanding work in the field of production for the year.

Membership in The Players is open to all students, and effective participation in any of these productions earns one extracurricular hour for each semester.

### THE MILLSAPS SINGERS

The Millsaps Singers, a choir composed of men and women students, is an important organization on the Millsaps campus.

In recent years the Singers have appeared in Alabama, Louisiana, Texas, New Mexico, Colorado, Kansas, Oklahoma, Tennessee, Illinois, Indiana, Ohio, Kentucky, and Georgia, as well as in numerous cities of Mississippi.

Membership, open by audition to freshmen and upperclassmen alike, earns two semester hours of extracurricular credit for the year's work.

### THE MILLSAPS MADRIGAL SINGERS

The Millsaps Madrigal Singers are selected from outstanding vocal musicians among the student body. This group of sixteen singers appears regularly in concert and on radio and television, featuring music of all eras for vocal ensemble.

### THE BAND

The Millsaps Symphonic Band and the Millsaps Marching Band are open to all students who can qualify. The year's repertoire covers all phases of marching and symphonic music. Two semester hours of extracurricular credit are given for the year's work.

### DEBATING

Since the year the college was founded, debating has occupied an important place in its activities. Millsaps teams participate in about 300 debates each year, meeting teams from the leading institutions in various parts of the nation. The Millsaps Invitational Debate Tournament is held each winter and is recognized as one of the outstanding events of its kind in the South. Colleges and universities in fifteen different states have attended this tournament, which annually attracts from seventy-five to one hundred teams.

Both curricular and extracurricular credit is offered for successful participation in debating, oratory, and extemporaneous public speaking.

### THE INTERNATIONAL RELATIONS CLUB

The International Relations Club of Millsaps College is an endowed honorary organization which recognizes superior work in current history.

Membership is elective.

The club holds bi-weekly meetings at which timely world problems and events are discussed by student and faculty members.

### MEDALS AND PRIZES

1. The Founder's Medal is awarded annually to the senior who has the highest quality index for his entire college course and has received a grade of Excellent on his comprehensive examination. Only students who have done at Millsaps College all the work required for the degree are eligible for this award.

2. The Bourgeois Medal is awarded annually to the freshman, sophomore, or junior who has the highest quality index for the year. Such

student must be a candidate for a degree, and must have taken a minimum of thirty semester hours of college work during the year in which the medal is awarded to him. No student can win this medal a second time.

3. The John C. Carter Medal for Oratory is awarded annually to the student who presents the best original oration in the oratorical contest. This contest, open to men and women students, is held in December of each year.

4. The Clark Essay Medal is awarded annually to that student who presents the best and most original paper in an English elective course in Millsaps College.

5. The Buie Medal for Declamation, open to freshmen and sophomores, cannot be awarded to any student more than once. The contest for this medal is held at Commencement each year.

6. Chi Omega Award. Chi Omega sorority, seeking to further the interest of women in the social sciences, presents an award of \$25.00 to the girl having the highest average for the year in the field of history, political science, psychology, sociology, economics, or other courses in the social sciences.

7. Panhellenic Award. The Women's panhellenic Council makes each year a cash award of \$25 to the best woman citizen of the current college year.

8. The Charles Betts Galloway Award for the best sermon preached by a ministerial student of Millsaps College is presented on Commencement Sunday. This annual award, established by Mrs. E. H. Galloway and family in honor of the late Bishop Galloway, is a medal.

9. Theta Nu Sigma awards annually a certificate to the member of the graduating class who has done outstanding work in the natural sciences.

10. The Alpha Psi Omega Award, The Millsaps Players Acting Awards, and the Jackson Little Theatre Award are given each year to those students who are outstanding in dramatics.

11. Alpha Epsilon Delta Award. The local chapter of Alpha Epsilon Delta, a national society for pre-medical and pre-dental students, awards annually a certificate of merit to the most outstanding member of the society in the graduating class.

12. General Chemistry Award. The Chemistry Department presents annually to the student with the highest scholastic average in General Chemistry a handbook of chemistry and physics.

## HISTORY OF THE COLLEGE

Founded over sixty-seven years ago, Millsaps is one of the youngest colleges supported by the Methodist Church. It was in the late eighties that the Mississippi Methodist Conferences appointed a joint commission to formulate plans for a "college for males under the auspices and control of the Methodist Episcopal Church, South."

Among the members of this commission was Major Reuben Webster Millsaps, Jackson businessman and banker, who offered to give \$50,000 to endow the institution, provided Methodists throughout the state matched this amount.

Under the leadership of Bishop Charles Betts Galloway, the Methodists met the challenge of Major Millsaps. The charter for the college was granted February 21, 1890, and the college opened its doors in the fall of 1892. Coeducation was instituted in the seventh session.

First president of the college was William Belton Murrah, who served until 1910. Along with Bishop Galloway and Major Millsaps, Murrah is commonly thought of as one of the founders of the college.

Other presidents have been D. C. Hull, M.A., (1910-1912); A. F. Watkins, D.D., (1912-1923); D. M. Key, Ph.D., LL.D., (1923-1938); M. L. Smith, Ph.D. LL.D., (1938-1952); and H. E. Finger, Jr., B.D., D.D., who has been president since 1952.

## BUILDINGS AND GROUNDS

The campus, covering nearly 100 acres in the center of a beautiful residential section and on one of the highest points in the city, is valued at nearly two million dollars.

The administration building, Murrah Hall, was erected in 1914; the Sullivan-Harrell Science Hall in 1928; and the Buie Memorial Gymnasium in 1936. The James Observatory provides excellent facilities for students of astronomy and is also made available on frequent occasions to the citizens of Jackson and surrounding areas. Recent grants and gifts have made possible the addition of completely modern equipment for the science laboratories.

The Christian Center Building was completed in 1950. It was made possible by the gifts of Mississippi Methodist, alumni, and friends of the college. This building has an auditorium seating more than 1000 persons, a small chapel, classrooms, and offices.

In 1955 the Carnegie-Millsaps Library was modernized and enlarged to three times its former size. It was the first building to be constructed with the Million-for-Millsaps funds and has been renamed the Millsaps-Wilson Library.

The most recently completed building, also financed from the Millions-for-Millsaps funds, is the Student Union Building. This building houses the office of the Director of Religious Life, the food services, the

bookstore, the post office, the student activity quarters, and recreation area. This building was completed in 1957.

Two new residence halls, Fae Franklin for women and Ezelle for men, will be completed by the fall semester of 1958. This will expand the current facilities which include for women Founders, Whitworth, Sanders and for men Burton, Galloway.

The campus contains fields for football and baseball, a track, tennis courts, and a nine-hole golf course.

## FINANCIAL RESOURCES

The productive endowment, according to the latest audit, amounted to \$2,495,541.50. In addition to the income from this endowment, the college budget receives from the two Methodist Conferences in Mississippi \$92,000 annually. The statement of total assets derived from the last official audit, June 1957, is as follows:

Current Fund .....	\$ 123,417.59
Endowment Funds .....	2,495,541.50
Million for Millsaps Pledges Receivable .....	246,208.63
Plant Fund .....	2,869,789.95
Total .....	<hr/> \$5,734,957.67

## THE J. LLOYD DECELL LECTURESHIP

This lectureship was established at Millsaps in 1948 as a memorial to Bishop J. Lloyd Decell (1887-1946). Bishop Decell took the lead in merging the three colleges of Methodism in Mississippi — Whitworth, Grenada, and Millsaps. He also set up the campaign for funds known as the "Million for the Master." The lectureship foundation of \$50,000 was established by the college. The purpose of the lectureship is to bring to the college men of scholarship in the fields of literature, science, philosophy, and religion. Dr. Henry Hitt Crane of the Central Methodist Church, Detroit, Michigan, was the first lecturer on this foundation December 5-7, 1950. Dr. D. Elton Trueblood delivered the lectures February 25-27, 1952. Dr. George C. Baker, of Southern Methodist University, was the speaker February 23-25, 1953. Dr. George Buttrick was the speaker May 5-7, 1954. Bishop John Wesley Lord was the speaker February 21-23, 1955. Dr. W. J. Cunningham was the speaker February 20-22, 1956. Dr. Peter Bertocci was the speaker February 4-6, 1957. Dr. Marjorie Reeves, noted scholar and historian of Oxford University, Oxford, England, was the speaker March 25-26, 1958.

## THE MILLSAPS LIBRARY

Near the close of the session of 1905-06 Andrew Carnegie offered to give the college \$15,000 for a library building if the trustees would provide an endowment of an equal amount. The endowment required was given by Major Millsaps. In 1925 the Carnegie Corporation appropriated \$50,000 for a new library building, which was completed in

1926 and provided shelves for 50,000 volumes. The furniture for the reading rooms was given by the Enochs Lumber and Manufacturing Company. In 1944 the interior of the library was redecorated, and in 1946 additional furniture was purchased.

Work began in September, 1954, on enlarging, remodeling, and modernizing this structure into what now appears to be an entirely new building. It is designed to accommodate a student body of 1,000 and to house approximately 85,000 volumes. Money for this construction came through the Million for Millsaps Campaign and the generosity of the H. J. Wilson family of Hazlehurst. The spacious, attractive building was formally opened and dedicated with fitting ceremony on September 29, 1955, as the Millsaps-Wilson Library.

A special grant of \$10,000 for the purchase of books was made by the Carnegie Corporation during the five years 1931-36, and about 4,600 volumes were added from this source. In 1944 the Rockefeller Foundation made a grant to the library of \$15,000 for the purchase of books during the years 1944-48. This sum was matched by the college by a like amount to be used for the enlargement and equipment of the library building. The General Board of Education of the Methodist Church provided \$2,500 for the purchase of additional stacks and equipment. The income from the Martha A. Turner Fund of \$1,000, founded by Mrs. J. R. Bingham of Carrollton, Mississippi, is used for the purchase of books in English literature. At the present time the library contains approximately 40,000 volumes.

For many years the library has had on its shelves books which were given by Dr. Alfred Allen Kern, former professor of English and Librarian at Millsaps College. We were happy to receive an additional gift of books from Dr. Kern's personal library which he presented in honor of the new Millsaps-Wilson Library.

During the past academic year contributions have been made to the library for the purchase of books in memory of the Rev. Casper W. Avery, Mrs. Mary B. Stone, Mrs. Bernice Bush, the Rev. Luke Alford, Mrs. J. E. J. Ferguson, Dr. J. M. Sullivan, Mr. C. R. Grimes, Mr. Joseph Hart, Mrs. Walter Spiva, Sr., Mr. and Mrs. J. T. Calhoun, Curtis H. Mullen, III, Mrs. Richard C. Clark, and Dr. William E. Riecken. In addition, Mr. and Mrs. F. M. Jackson made a contribution in honor of Mr. and Mrs. R. L. Ezelle.

During the session of 1941-42 the Historical Society of the Mississippi Conference placed its valuable collection of books and papers relating to Mississippi Methodist history in a special room in the library. A collection of documents, manuscripts, and books on Methodism in Mississippi has been begun, and gifts of material related to this subject will be especially valuable.

The library hours are as follows: Monday through Friday, 8:30 A.M. to 10:00 P.M.; Saturday, 9 to 12; 1 to 5:00; Sunday, 1:30 to 5:00. The library is closed for the Chapel Hour each week and during the Thanksgiving, Christmas, and Spring Holidays.
